VOL. XLII.—No. 38

PENTICTON, B.C., THURSDAY, SEPTEMBER 18, 1952

3 Sections — 22 Pages

"IS THAT GORDON DESBRISAY?" These were the first words to be uttered by Mayor W. A. Rathbun (insert right) when he made the first telephone call after he had officially made the "cut-over" from manual to automatic 'phone operation at the Okanagan Telephone Company building Saturday evening. Attentively listening to the mayor's words is A. G. Desbrisay, of Pentiction, company director. In the background are, left to right: Colin D. Campbell, vice-president; R. W. Ley, director; T. Everard Clarke, director; Frank A. Sherrin, president; Martin J. Conroy, superintendent and William Fitch, secretary-treasurer. Insert, left, shows Stan Doner, company employee, severing the cables to cut off the old manual system.

FIRST OF THOUSANDS of wooden insulating pegs were pulled out by Mayor W. A. Rathbun to affect the "cut-over" to dial telephone service last Saturday evening. Proudly watching Pentiction's mayor pull the red ribbon which put \$250,000 worth of intricate equipment into operation is A. C. Wormull, the Okanagan Telephone Company's engineer from Vernon.

Pentiction Now On Dial

Phone Change Accomplished

With four deft flicks of his index finger Mayor W. A. Rathbun dialled 4099 and placed the first call on Pentiction's new automatic telephone system at the official "cut-over" from manual to dial operation in the Okanagan Telephone Company building at 10 o'clock Saturday night.

Mayor Rathbun spoke to A. G. Desbrisay, of Pentiction, director of the telephone company, who was seated in another part of the building.

A few moments earlier the mayor had pulled out the first of thousands of insulating pegs, thus putting one quarter of a million dollars worth of equipment into operation.

"The 'cut-over' gives some 3,700 subscribers improved and faster telephone service. Generally the company officials are pleased at the 'smoothness' with which the change took place and although a number of subscribers found cause for complaint on Sunday, most of the difficulties have since been eliminated.

Only company director who was unable to be present at the change-over was Leon J. Ladner, Q.C., of Vancouver. Besides company directors and officials, representatives of other telephone companies in the Pacific northwest and representatives of firms engaged in the installation of the equipment witnessed the official "cut-over" in company equipment with members of City Council and local organizations.

"I am happy to make the first call on the new system," Mayor Rathbun told Mr. Desbrisay. "We are all proud of the dial system. Its installation marks another step in Pentiction's progress. The company is to be congratulated.

"The company has spent a lot of money to install this equipment. It shows they have confidence in the community," he said.

With the conclusion of his local call, the Mayor then placed the first long distance call to be made on the automatic system.

In a matter of seconds after he had dialled the operator and asked for Jones, distance 14, he was speaking to (Continued on Page 7)

POLIO TOTAL MOUNTS TO 14 FOR DISTRICT

The number of polio cases in the South Okanagan health unit mounted to 14 this week with two new cases and three of the suspects in last week's list being diagnosed as definitely having poliomyelitis.

The two latest victims are both adult males and both have the mild variety of the disease. None of the recent cases are of the critical variety and health authorities hope the worst is over.

The outbreak, the worst in years in the southern end of the valley, has already taken the life of one 14-year-old Pentiction girl, Maura Lang, who died while enroute to Vancouver on a mercy flight made in an endeavor to save her life.

While it is possible that the peak of incidence has been reached, health unit officials warn citizens to continue to take precautions against the disease and to immediately call the doctor in any case of unexplained illness.

Claims Ellis Creek Should Be Straightened

Investigation into the cost in time and money of straightening a portion of Ellis Creek to prevent land erosion on certain privately-owned lots, will be undertaken by the city engineer and a report will be submitted to council.

Council authorized the investigation Monday, following request by Frank Cockell, owner of property at Fairford Drive, who claimed that unless the creek was straightened, portions of his land would be washed away.

Mr. Cockell declared that in the past it was claimed that straightening of the creek would cause the waters to wash the banks of the Okanagan river but that, according to the flood control plans, a catch basin was to be built at the mouth of the creek and that the catch basin would eliminate such erosion.

Hope Of Bridge At Kelowna Abandoned

Immediate Survey Of East Side Road Sought By Board Of Trade

Immediate survey of the east side road to Kelowna will be requested by the Pentiction Board of Trade, which last Tuesday joined forces with the Kelowna Board of Trade in resuming the long campaign for opening up a road to Kelowna on the east side of Okanagan Lake.

Hope of a bridge across the narrow straits at Kelowna, to eliminate the ferry bottleneck, has been virtually abandoned. No official announcement of the government's survey has been received and this is taken to mean that the bridge project is altogether too costly.

Core of the discussion at the Board of Trade meeting, held in the Hotel Prince Charles, first meeting since the summer recess, was the assertion of Major J. V. H. Wilson, M.C., that "no proper survey of the proposed east side road has ever been made."

A survey made in 1921 was described by Major Wilson as, "most

fantastic and unjust." This survey, according to the Naramata rancher and orchardist, followed the lake shore which would necessitate cutting for miles through solid granite at a tremendous cost.

Need of an east side road was stressed by H. B. Morley, former secretary of the Board of Trade. Stated Mr. Morley, "the ferry bottleneck at Kelowna cannot be endured much longer. Few people yet realize that the volume of traffic from the south is increasing and will continue to increase. In a few years it will be many times that which it is now — we have seen nothing yet."

A survey made in 1921 was described by Major Wilson as, "most fantastic and unjust." This survey, according to the Naramata rancher and orchardist, followed the lake shore which would necessitate cutting for miles through solid granite at a tremendous cost.

Called to give his views as a long time advocate of the road and as one intimately acquainted with the terrain over which the road must pass, Major Wilson emphasized that he was a farmer, operating a fruit and stock ranch, and not an engineer.

He did, however, know something of the problems of the route, having for five years crossed and recrossed the rugged country on foot and on horseback, and sometimes skirting it by boat, during the time he was a teacher at Okanagan Mission.

"And more than that," interjected J. Y. L. Crossley, field representative, regional development division of the B.C. department of trade and industry.

HON. R. W. BONNER

HON. W. K. KIERNAN

Two cabinet ministers in B.C.'s new Social Credit government will visit Pentiction this week-end. They are the Hon. R. W. Bonner, Attorney-General, who will act as commodore at the Pacific Northwest Rowing Championships at Skaha Lake on Saturday, and the Hon. W. K. Kiernan, minister of agriculture, who is expected to attend the regatta prior to travelling to Osoyoos where he will discuss current problems with growers in that area. Mr. Bonner will officially open the sculling events here and he and Mrs. Bonner will be guests of honor at the regatta dance to be held on Saturday evening in the Armouries where the ribbons and trophies will be presented to the victorious oarsmen.

Board Of Trade Takes Initiative

City Community Chest Discussed

Pentiction's Board of Trade will take the initiative in attempting to arrive at a decision on the long debated question of whether it is advisable to establish a community chest organization in Pentiction.

A letter from the Redland Rebekahs, Lodge No. 12, requesting the Board of Trade to clarify the situation relating to a community chest, sparked the brief discussion at the meeting Tuesday.

A. G. Schell, president of the board, suggested that the group should sponsor a meeting representative of all city organizations to discuss the question.

H. G. Nares declared that it was the board's function to spearhead such movements and he submitted a motion, which was passed unanimously, that the Board of Trade take the initiative in calling a representative meeting to determine if Pentiction wanted a community chest organization.

On the suggestion of Paul Aldersey, data relating to a community chest organization will be secured from one or more cities operating chests, the data to be available at the meeting to be called here.

Board Of Trade Pays Tribute To Marksman

An honored guest at the Board of Trade dinner held Tuesday in the Hotel Prince Charles was Sgt. Walter Cousins, Pentiction marksman, who won high honors in the Dominion Rifle Shoot held at Osoyoos recently.

Sgt. Cousins invited members to join the Pentiction Rifle Club and to get behind the army reserve movement. "No matter what new weapons are invented the same principles of aiming and firing will be involved. It is up to every Canadian, who can, to learn those principles so as to be able to defend his home and country if the need should arise," Sgt. Cousins declared.

Of his Ottawa triumph, Sgt. Cousins said, "I was lucky, but I learned a lot and I hope to do better for Pentiction next year."

Work on extending the domestic water line to Camp road and Hailfax street was started this week.

PROSPEROUS

"We are a proud and prosperous people. The apricot crop this year is 500 percent more than last. There is a big peach crop although the blue-ruin people will say we have no peach trees left. Signs point to a bumper apple crop. There is no reason for pessimism."

Mr. Jones advised the Board of Trade to write to the Hon. C. D. Howe, minister of trade and industry, for information relating to the potential work for local industries. "Mr. Howe is very fair. He has tried to distribute defense work evenly but he has had little success in British Columbia because we have not the established industries (Continued on Page 7)

EXCAVATION AT FAIRVIEW ROAD BRIDGE BEGINS

Preliminary work on the construction of a new bridge over the Okanagan River at Fairview road will commence tomorrow, when a bulldozer, scheduled to arrive here this evening, will start excavation work.

The bridge is one of three which will span the new river channel to be cut as part of the flood control program. A fourth bridge will be built across Pentiction Creek at Front street.

The four spans, each 160 feet long with a 24 foot traffic lane, will be constructed by G. W. Leedman and Company at a cost of \$150,000.

Each bridge will be a steel and concrete deck structure built on concrete piers.

FAIRVIEW FIRST

The Fairview road will probably be completed before the other two Okanagan river bridges but the three spans will probably all be under construction at the same time.

The Front street bridge may be left until the last. Because wintry weather may halt operations for some time the company feels that it does not want to inconvenience the people of Pentiction by rendering the bridge impassable while no construction work is being carried out. For this reason the Front street bridge will probably be started and completed in one operation.

As one phase of work is completed each river bridge the work crew will move onto the next. That is to say, that when the bulldozing and dragline crews complete their operations on one bridge they will move onto the next to make way for workmen engaged in another operation.

Loop roads around the bridge excavations will be built at Okanagan Lake and Fairview road in order to permit passage of traffic but no loop road will be necessary at Eckhardt avenue.

Dr. D. Leechman Canadian Club Guest Speaker

Internationally known anthropologist Dr. Douglas Leechman will be the first in a series of distinguished speakers to address the Pentiction Canadian Club this year.

A Canadian with an international background, Dr. Leechman will address the Canadian Club on the subject "B.C.'s Northern Annex" at the organization's first dinner meeting of the fall season in the Glenbury Room of the Hotel Prince Charles tomorrow night at 6:30.

Following service in the first World War, Dr. Leechman attended

DR. D. LEECHMAN

the University of Washington where he took numerous courses in anthropology. He is at present on the staff of the National Museum of Canada.

He has spent much time in the eastern and north Arctic, British Columbia and the Yukon and so knows the Canadian Northland intimately.

Dr. Leechman is the author of several well known books, including "Eskimo Summer" and "Indian Summer", and had much to do with writing the script of the film "Loon's Neckline," which, together with slides, will be shown at the (Continued on Page 7)

O. L. Jones M.P. Optimistic In Address To Trade Board

A united front, less enclivity howling and a restrained but factual presentation of needs are more likely to secure the sympathetic consideration of the dominion government than any amount of high pressure lobbying and shouting of woes from the houseboats.

This, in essence, was the advice given to the Pentiction Board of Trade by O. L. Jones, M.P., at a meeting of the board held Tuesday in the Hotel Prince Charles.

Mr. Jones discussed during his address and later during the question period a wide range of subjects relating to the valley and to the Canadian scene.

MARKET OUTLOOK GOOD

Speaking of the current crops and marketing prospects Mr. Jones ex-

pressed the belief that removal of the American offshore apple subsidy would enable the valley growers to recapture lost overseas markets.

"The market outlook looks very good," the speaker declared. Regarding complaints of some peach growers against competition from American growers on the Canadian home market, Mr. Jones warned against invoking the Embargo Act. "We can have an embargo if we want it," he said, "but we must take a broad view of the entire fruit and vegetable marketing situation. If we put an embargo on Yakima peaches the United States government could retaliate by putting an embargo on our apples, on Prince Edward Island potatoes.

"So, an embargo which would benefit peach growers would jeopardize the interests of the fruit industry in the Okanagan and of potato growers in P.E.I."

FREIGHT RATES

Returning to the subject of markets during the question period Mr. Jones expressed the opinion that a proper approach to the government would secure assistance if it was considered that high freight rates were penalizing the Canadian growers' efforts in overseas markets.

The speaker related how, only recently, the government had voted \$7,000,000 to the railway companies for what is termed the "Ontario bridge," a rugged, undeveloped stretch of country crossed by the railways which does not bring in revenue.

"We have a bridge called the Rockies, to which B.C. members have repeatedly called the attention of the government," Mr. Jones said. "If the government can compensate the railways for the Ontario bridge, it should be able to compensate them for the Rockies' bridge, although I have always maintained that, although it must cost the railways more on the long pull up grade, it must cost less on the down grade on the other side.

ST. LAWRENCE SEAWAY

"The St. Lawrence seaway is being blocked by vested interests on the Atlantic seaboard, but when the seaway is built it should result in a saving of 25 cents on a box of apples shipped from B.C. to the United Kingdom," Mr. Jones said. "But," he added, "that is in the future, and I am confident that a

proper approach to the government would secure some assistance if it is found that high freight rates are causing difficulty in meeting competition on overseas markets."

Mr. Jones opened his address with what he termed "a gentle warning" to valley and coast newspapers to stop peddling sensationalism in reporting adverse news.

He told the meeting that the government maintains an army of readers who scan newspapers from all over the country and report on trends and happenings. Adverse publicity in the local papers makes it difficult to secure appropriations for public buildings and other services, the speaker asserted.

Headlines about frost, crop failures, lost markets and financial troubles also scare away possible

investors, the member for Yale declared.

"We are a proud and prosperous people. The apricot crop this year is 500 percent more than last. There is a big peach crop although the blue-ruin people will say we have no peach trees left. Signs point to a bumper apple crop. There is no reason for pessimism."

Mr. Jones advised the Board of Trade to write to the Hon. C. D. Howe, minister of trade and industry, for information relating to the potential work for local industries. "Mr. Howe is very fair. He has tried to distribute defense work evenly but he has had little success in British Columbia because we have not the established industries (Continued on Page 7)

B And P Club Presents Gift To Miss Nagle

Miss Joan Nagle, queen of the PNE, accompanied by Mrs. M. Layton, was guest of honor at the regular dinner meeting of the Business and Professional Women's Club held in the Legion Hall on September 12. The past president, Miss Margaret MacLeod, presided at the meeting.

Miss Nagle was presented with a gift of a bracelet and a corsage of tiny chrysanthemums.

Mrs. Joan Puddy gave a report on the National Business and Professional Women's Club convention which was held in July in Vancouver.

A talk on the post-convention tour of the Okanagan, of which she was a convener, was given by Miss Letta Boucher.

Miss Muriel Young gave a report on the arthritis relief drive which the Business and Professional Women's Club sponsored and organized in Penticton.

SOCIAL EDITOR

MRS. HAROLD MITCHELL

DIAL 4055

WA Holds First Autumn Meeting

S. Saviour's Senior Women's Auxiliary held their first fall meeting in the Parish Hall on September 11 with the president, Mrs. L. C. Conn, in the chair.

The members agreed to hold the first whist and bridge games in the Parish Hall on October 23 at 8 p.m., followed by square-dancing if this can be arranged. Details of the forthcoming bazaar to be held on November 15 in conjunction with the Evening Branch were discussed, and a committee was formed to purchase sewing materials. The social service secretary, Mrs. A. G. Bastin, reported on the sick members and the new members who would like to be visited. Rev. A. R. Eagles asked for a monthly letter to be sent to Miss Madeline Salter, All Saints Hospital, Atlantic, and to Mrs. A. G. Pearson, Indian School, Alert Bay. The pastor also asked the president to remind the members that every second Sunday of the month at eight o'clock and the third Thursday at 10:30, would be Corporate Communion.

At the close of the meeting, tea was served by Mrs. L. McLeod and Miss E. Reid.

The next meeting of the W.A. will be held on Thursday, September 25, at 2:30 in the Lower Hall.

A guest at the home of Mrs. William Weir was her sister, Mrs. H. H. Hemming of London, England, who flew to Penticton, to attend the funeral of her father.

The beautiful bride wore a gown of white Chantilly lace and silk, with a silk marquisette overskirt of satin topped with a lace jacket featuring lily-point sleeves. As something old, she wore a floor-length veil of silk embroidered net, held in place by a wreath of orange blossoms. These were worn by Mrs. A. A. Swift at her wedding over 46 years ago. A gold pendant and earrings, a gift of her groom, were the bride's only jewellery, and she carried a shower bouquet of pink and white gladioli.

A sister of the bride, Miss Mary Pat White, was maid of honor. She was gown in lime green net over taffeta with a matching stole, and elbow-length mittens and a dainty cap of white lace. She carried a bouquet of fern and yellow gladioli.

The bridesmaid, Miss Rita Beaulieu of Hedley, wore a flame net-overskirt gown with a matching stole, and white lace cap and elbow-length gloves. She also carried a bouquet of fern and yellow gladioli. The twin sisters of the groom, Miss Carol Jones and Miss Sharon Jones, were charming flowergirls in identical gowns of floor-length pale yellow net and taffeta. They carried baskets of autumn flowers.

The groom was attended by his brother, Stanley Jones. Ushers were William Beal, cousin of the groom, and John Drossos, both of

the dainty ensembles. They carried baskets of heather and white chrysanthemums. Another sister of the bride, Miss Ruth Fretz, was the petite flower girl. She also wore blue floor-length organza and carried a small basket of heather and white chrysanthemums.

Bestman for the groom, son of Mr. and Mrs. A. H. Jahnke of Oliver, was his brother, "Chad" Jahnke. Twin brothers of the bride, Norman Fretz and Daniel Fretz, were ushers.

Harold Ball was organist, and Miss Edna Morgan sang the beautiful "Wedding Prayer" and "I'll Walk Beside You," during the signing of the register.

Following the ceremony, a reception was held at the Kaledon Community Hall. The beautifully appointed tables were decorated with roses and white candles. Fred King proposed a toast to the lovely bride, and the groom responded. Toasts to the bridesmaids were made by the bestman. Serviteurs were Miss Alice Lockhart and Miss Daniel Eastman.

The bride's mother wore an afternoon dress of silver blue whisper taffeta, navy accessories, and a corsage of tea roses. A dark green crepe dress with a lace yoke was worn by the mother of the groom. Her accessories were brown, and she also wore a corsage of tea roses.

The bride wore a beige suit with rust accessories, an emerald green coat and a corsage of red rosebuds for the honeymoon motor trip to coastal points. The newly-wedded pair will reside at Testalinda Orchards in Oliver.

Out-of-town guests were Mrs. H. Fretz and Miss Sylvia Jahnke of Vancouver.

Before leaving on their honeymoon, the bride requested that her bridal bouquet be sent to her aunt, Mrs. A. Eastman, who was unable to attend the wedding.

Former Penticton Assistant Pastor Married At Coast

VANCOUVER — The first couple to be married in the new Windermere Foursquare Church, Vancouver, were Rhoda Adams, daughter of Mr. and Mrs. Harold T. Adams of Willington, Ontario, and Leonard Stahl, son of Mr. and Mrs. Jacob Stahl of Chilliwack. Rev. A. J. Schindler officiated at the double-ring ceremony on September 6.

The groom, former assistant pastor of the Bethel Tabernacle in Penticton, was attended by his brother, Clarence Stahl, as bestman. Ushers were Ernest Stahl and David Clarkson.

The bride's gown of pink lace and nylon net over taffeta was styled with a ballerina skirt and a lace jacket featuring a Peter Pan collar and lily-point sleeves. A pearl-and-net trimmed headpiece held the pink veil which mistled her gown, and she carried a staphanotis and pink roses on a white Bible.

The groom wore a tuxedo with a white shirt and a white bow tie. He carried a white boutonniere and a white pocket square.

The bride's mother wore a blue dress with a white collar and a white corsage. The groom's mother wore a white dress with a white collar and a white corsage.

The bride's father wore a white shirt and a white bow tie. The groom's father wore a white shirt and a white bow tie.

The bride's sister wore a white dress with a white collar and a white corsage. The groom's sister wore a white dress with a white collar and a white corsage.

The bride's brother wore a white shirt and a white bow tie. The groom's brother wore a white shirt and a white bow tie.

The bride's aunt wore a white dress with a white collar and a white corsage. The groom's aunt wore a white dress with a white collar and a white corsage.

The bride's uncle wore a white shirt and a white bow tie. The groom's uncle wore a white shirt and a white bow tie.

The bride's cousin wore a white dress with a white collar and a white corsage. The groom's cousin wore a white dress with a white collar and a white corsage.

The bride's first cousin wore a white dress with a white collar and a white corsage. The groom's first cousin wore a white dress with a white collar and a white corsage.

The bride's second cousin wore a white dress with a white collar and a white corsage. The groom's second cousin wore a white dress with a white collar and a white corsage.

The bride's third cousin wore a white dress with a white collar and a white corsage. The groom's third cousin wore a white dress with a white collar and a white corsage.

The bride's fourth cousin wore a white dress with a white collar and a white corsage. The groom's fourth cousin wore a white dress with a white collar and a white corsage.

The bride's fifth cousin wore a white dress with a white collar and a white corsage. The groom's fifth cousin wore a white dress with a white collar and a white corsage.

The bride's sixth cousin wore a white dress with a white collar and a white corsage. The groom's sixth cousin wore a white dress with a white collar and a white corsage.

The bride's seventh cousin wore a white dress with a white collar and a white corsage. The groom's seventh cousin wore a white dress with a white collar and a white corsage.

The bride's eighth cousin wore a white dress with a white collar and a white corsage. The groom's eighth cousin wore a white dress with a white collar and a white corsage.

The bride's ninth cousin wore a white dress with a white collar and a white corsage. The groom's ninth cousin wore a white dress with a white collar and a white corsage.

The bride's tenth cousin wore a white dress with a white collar and a white corsage. The groom's tenth cousin wore a white dress with a white collar and a white corsage.

The bride's eleventh cousin wore a white dress with a white collar and a white corsage. The groom's eleventh cousin wore a white dress with a white collar and a white corsage.

The bride's twelfth cousin wore a white dress with a white collar and a white corsage. The groom's twelfth cousin wore a white dress with a white collar and a white corsage.

The bride's thirteenth cousin wore a white dress with a white collar and a white corsage. The groom's thirteenth cousin wore a white dress with a white collar and a white corsage.

The bride's fourteenth cousin wore a white dress with a white collar and a white corsage. The groom's fourteenth cousin wore a white dress with a white collar and a white corsage.

The bride's fifteenth cousin wore a white dress with a white collar and a white corsage. The groom's fifteenth cousin wore a white dress with a white collar and a white corsage.

The bride's sixteenth cousin wore a white dress with a white collar and a white corsage. The groom's sixteenth cousin wore a white dress with a white collar and a white corsage.

The bride's seventeenth cousin wore a white dress with a white collar and a white corsage. The groom's seventeenth cousin wore a white dress with a white collar and a white corsage.

TWEED CHECKED in bold colors, mixed with muted shades, promises to be extremely popular this autumn, and the country suit and topcoat in "Auld Reekie" tweed uses the material to perfection. The suit has rounded lapels and pockets cut to stand away from the hips, while the sleeveless topcoat has a cape that covers the arms.

The groom was attended by his brother, Stanley Jones. Ushers were William Beal, cousin of the groom, and John Drossos, both of

the dainty ensembles. They carried baskets of heather and white chrysanthemums. Another sister of the bride, Miss Ruth Fretz, was the petite flower girl. She also wore blue floor-length organza and carried a small basket of heather and white chrysanthemums.

The groom, former assistant pastor of the Bethel Tabernacle in Penticton, was attended by his brother, Clarence Stahl, as bestman. Ushers were Ernest Stahl and David Clarkson.

The bride's gown of pink lace and nylon net over taffeta was styled with a ballerina skirt and a lace jacket featuring a Peter Pan collar and lily-point sleeves. A pearl-and-net trimmed headpiece held the pink veil which mistled her gown, and she carried a staphanotis and pink roses on a white Bible.

The groom wore a tuxedo with a white shirt and a white bow tie. He carried a white boutonniere and a white pocket square.

The bride's mother wore a blue dress with a white collar and a white corsage. The groom's mother wore a white dress with a white collar and a white corsage.

The bride's father wore a white shirt and a white bow tie. The groom's father wore a white shirt and a white bow tie.

The bride's sister wore a white dress with a white collar and a white corsage. The groom's sister wore a white dress with a white collar and a white corsage.

The bride's brother wore a white shirt and a white bow tie. The groom's brother wore a white shirt and a white bow tie.

The bride's aunt wore a white dress with a white collar and a white corsage. The groom's aunt wore a white dress with a white collar and a white corsage.

The bride's uncle wore a white shirt and a white bow tie. The groom's uncle wore a white shirt and a white bow tie.

The bride's cousin wore a white dress with a white collar and a white corsage. The groom's cousin wore a white dress with a white collar and a white corsage.

The bride's first cousin wore a white dress with a white collar and a white corsage. The groom's first cousin wore a white dress with a white collar and a white corsage.

The bride's second cousin wore a white dress with a white collar and a white corsage. The groom's second cousin wore a white dress with a white collar and a white corsage.

The bride's third cousin wore a white dress with a white collar and a white corsage. The groom's third cousin wore a white dress with a white collar and a white corsage.

The bride's fourth cousin wore a white dress with a white collar and a white corsage. The groom's fourth cousin wore a white dress with a white collar and a white corsage.

The bride's fifth cousin wore a white dress with a white collar and a white corsage. The groom's fifth cousin wore a white dress with a white collar and a white corsage.

The bride's sixth cousin wore a white dress with a white collar and a white corsage. The groom's sixth cousin wore a white dress with a white collar and a white corsage.

The bride's seventh cousin wore a white dress with a white collar and a white corsage. The groom's seventh cousin wore a white dress with a white collar and a white corsage.

The bride's eighth cousin wore a white dress with a white collar and a white corsage. The groom's eighth cousin wore a white dress with a white collar and a white corsage.

The bride's ninth cousin wore a white dress with a white collar and a white corsage. The groom's ninth cousin wore a white dress with a white collar and a white corsage.

The bride's tenth cousin wore a white dress with a white collar and a white corsage. The groom's tenth cousin wore a white dress with a white collar and a white corsage.

The bride's eleventh cousin wore a white dress with a white collar and a white corsage. The groom's eleventh cousin wore a white dress with a white collar and a white corsage.

The bride's twelfth cousin wore a white dress with a white collar and a white corsage. The groom's twelfth cousin wore a white dress with a white collar and a white corsage.

The bride's thirteenth cousin wore a white dress with a white collar and a white corsage. The groom's thirteenth cousin wore a white dress with a white collar and a white corsage.

The bride's fourteenth cousin wore a white dress with a white collar and a white corsage. The groom's fourteenth cousin wore a white dress with a white collar and a white corsage.

The bride's fifteenth cousin wore a white dress with a white collar and a white corsage. The groom's fifteenth cousin wore a white dress with a white collar and a white corsage.

The bride's sixteenth cousin wore a white dress with a white collar and a white corsage. The groom's sixteenth cousin wore a white dress with a white collar and a white corsage.

Candlelight And Gladioli, Background For Jones-White Double-Ring Marriage Vows

Colorful gladioli formed the background when Nora Kathleen White, daughter of Mr. and Mrs. W. S. White, was given in marriage by her father to Kenneth Warren Jones, son of Mr. and Mrs. Cecil W. Jones of Hedley, on September 10 in the Penticton United Church. Rev. Ernest Rands officiated at the double-ring candlelight ceremony. During the singing of the register, Mrs. J. English sang "Because" and the United Church choir sang "Oh Perfect Love."

The beautiful bride wore a gown of white Chantilly lace and silk, with a silk marquisette overskirt of satin topped with a lace jacket featuring lily-point sleeves. As something old, she wore a floor-length veil of silk embroidered net, held in place by a wreath of orange blossoms. These were worn by Mrs. A. A. Swift at her wedding over 46 years ago. A gold pendant and earrings, a gift of her groom, were the bride's only jewellery, and she carried a shower bouquet of pink and white gladioli.

A sister of the bride, Miss Mary Pat White, was maid of honor. She was gown in lime green net over taffeta with a matching stole, and elbow-length mittens and a dainty cap of white lace. She carried a bouquet of fern and yellow gladioli.

The bridesmaid, Miss Rita Beaulieu of Hedley, wore a flame net-overskirt gown with a matching stole, and white lace cap and elbow-length gloves. She also carried a bouquet of fern and yellow gladioli. The twin sisters of the groom, Miss Carol Jones and Miss Sharon Jones, were charming flowergirls in identical gowns of floor-length pale yellow net and taffeta. They carried baskets of autumn flowers.

The groom was attended by his brother, Stanley Jones. Ushers were William Beal, cousin of the groom, and John Drossos, both of

the dainty ensembles. They carried baskets of heather and white chrysanthemums. Another sister of the bride, Miss Ruth Fretz, was the petite flower girl. She also wore blue floor-length organza and carried a small basket of heather and white chrysanthemums.

Bestman for the groom, son of Mr. and Mrs. A. H. Jahnke of Oliver, was his brother, "Chad" Jahnke. Twin brothers of the bride, Norman Fretz and Daniel Fretz, were ushers.

Harold Ball was organist, and Miss Edna Morgan sang the beautiful "Wedding Prayer" and "I'll Walk Beside You," during the signing of the register.

Following the ceremony, a reception was held at the Kaledon Community Hall. The beautifully appointed tables were decorated with roses and white candles. Fred King proposed a toast to the lovely bride, and the groom responded. Toasts to the bridesmaids were made by the bestman. Serviteurs were Miss Alice Lockhart and Miss Daniel Eastman.

The bride's mother wore an afternoon dress of silver blue whisper taffeta, navy accessories, and a corsage of tea roses. A dark green crepe dress with a lace yoke was worn by the mother of the groom. Her accessories were brown, and she also wore a corsage of tea roses.

The bride wore a beige suit with rust accessories, an emerald green coat and a corsage of red rosebuds for the honeymoon motor trip to coastal points. The newly-wedded pair will reside at Testalinda Orchards in Oliver.

Out-of-town guests were Mrs. H. Fretz and Miss Sylvia Jahnke of Vancouver.

Before leaving on their honeymoon, the bride requested that her bridal bouquet be sent to her aunt, Mrs. A. Eastman, who was unable to attend the wedding.

Former Penticton Assistant Pastor Married At Coast

VANCOUVER — The first couple to be married in the new Windermere Foursquare Church, Vancouver, were Rhoda Adams, daughter of Mr. and Mrs. Harold T. Adams of Willington, Ontario, and Leonard Stahl, son of Mr. and Mrs. Jacob Stahl of Chilliwack. Rev. A. J. Schindler officiated at the double-ring ceremony on September 6.

The groom, former assistant pastor of the Bethel Tabernacle in Penticton, was attended by his brother, Clarence Stahl, as bestman. Ushers were Ernest Stahl and David Clarkson.

The bride's gown of pink lace and nylon net over taffeta was styled with a ballerina skirt and a lace jacket featuring a Peter Pan collar and lily-point sleeves. A pearl-and-net trimmed headpiece held the pink veil which mistled her gown, and she carried a staphanotis and pink roses on a white Bible.

The groom wore a tuxedo with a white shirt and a white bow tie. He carried a white boutonniere and a white pocket square.

The bride's mother wore a blue dress with a white collar and a white corsage. The groom's mother wore a white dress with a white collar and a white corsage.

The bride's father wore a white shirt and a white bow tie. The groom's father wore a white shirt and a white bow tie.

The bride's sister wore a white dress with a white collar and a white corsage. The groom's sister wore a white dress with a white collar and a white corsage.

The bride's brother wore a white shirt and a white bow tie. The groom's brother wore a white shirt and a white bow tie.

The bride's aunt wore a white dress with a white collar and a white corsage. The groom's aunt wore a white dress with a white collar and a white corsage.

The bride's uncle wore a white shirt and a white bow tie. The groom's uncle wore a white shirt and a white bow tie.

The bride's cousin wore a white dress with a white collar and a white corsage. The groom's cousin wore a white dress with a white collar and a white corsage.

The bride's first cousin wore a white dress with a white collar and a white corsage. The groom's first cousin wore a white dress with a white collar and a white corsage.

The bride's second cousin wore a white dress with a white collar and a white corsage. The groom's second cousin wore a white dress with a white collar and a white corsage.

The bride's seventh cousin wore a white dress with a white collar and a white corsage. The groom's seventh cousin wore a white dress with a white collar and a white corsage.

The bride's eighth cousin wore a white dress with a white collar and a white corsage. The groom's eighth cousin wore a white dress with a white collar and a white corsage.

The bride's ninth cousin wore a white dress with a white collar and a white corsage. The groom's ninth cousin wore a white dress with a white collar and a white corsage.

The bride's tenth cousin wore a white dress with a white collar and a white corsage. The groom's tenth cousin wore a white dress with a white collar and a white corsage.

The bride's eleventh cousin wore a white dress with a white collar and a white corsage. The groom's eleventh cousin wore a white dress with a white collar and a white corsage.

The bride's twelfth cousin wore a white dress with a white collar and a white corsage. The groom's twelfth cousin wore a white dress with a white collar and a white corsage.

The bride's thirteenth cousin wore a white dress with a white collar and a white corsage. The groom's thirteenth cousin wore a white dress with a white collar and a white corsage.

The bride's fourteenth cousin wore a white dress with a white collar and a white corsage. The groom's fourteenth cousin wore a white dress with a white collar and a white corsage.

The bride's fifteenth cousin wore a white dress with a white collar and a white corsage. The groom's fifteenth cousin wore a white dress with a white collar and a white corsage.

Hedley. Following the marriage vows, a reception was held on the S.S. Siamous which was gaily decorated with silver wedding bells, pink streamers and baskets of pastel gladioli. During the receiving of the many guests, several piano selections were played by Miss Donna Hauser. The bride's table, covered with a white lace tablecloth, was centred with a three-tier wedding cake, made by the groom's mother. The decoration on the cake was first used on the 55th wedding anniversary cake of the bride's grandparents. The reception tables were tastefully decorated with vases of fall flowers. A toast to the bride was proposed by her uncle, W. A. Martin, and responded to by the groom. Serviteurs were Miss Juanita Blagdon, Miss Margaret Hughes, Miss Audrey Thom, Miss Carol Fend, Mrs. Joan Adams and Mrs. Maxine Davies.

The bride's mother wore a silk crepe dress of deep violet with a matching velvet hat. Her corsage was of orchid gladioli. The groom's mother wore a teal blue two-piece dress and a corsage of pink gladioli.

For the honeymoon trip to California, the bride donned a rose-colored gabardine suit with navy accessories and a white shortie coat. Her corsage was of pink and white carnations.

Out of town guests in attendance were: Mr. and Mrs. Jones of Hedley; grandparents of the groom; Mr. and Mrs. Lowe of Princeton, grandparents of the groom; Mr. and Mrs. Clarence Pugh of Vancouver; Mr. and Mrs. W. H. Stretch of Panoka, Alberta, grandparents of the bride; Mrs. E. Wells of Eugene, Alberta, aunt of the bride; Miss Hilda Mills of Edmonton, Alberta, and Mr. and Mrs. Martin and Rosemary of Spokane, Washington.

RALLY AROUND

Every community-minded citizen should be at Skaha Lake on Saturday to witness the Pacific Northwest Rowing Championships.

This is the first event of its kind to be held in Penticton and comes as a tardy recognition of the fact that Penticton, with its two lakes, strategic geographical location, its excellent transportation and accommodation facilities and its lovely setting, is as near perfect as can be for such events.

Sculling is an excellent sport both for participants and spectators. It is colorful, with considerable eye-appeal, and few sports can equal it for thrills when the competition is close.

Here on Saturday oarsmen from Portland, Vancouver, Victoria, Nelson, Penticton and Kelowna will pit stamina and skill against each other in fours, doubles and singles events.

The competitors will be rowing for more than the honor of their respective clubs for there seems little doubt but that Penticton's success, or failure, in bringing the British Empire Games' sculling events here in 1954 hinges in large measure upon the success of Saturday's regatta.

Officials of the Empire Games' committee will be in attendance and they will undoubtedly weigh Saturday's event in relation to their need of finding a suitable site for the big water events of the games.

One factor which will be carefully measured, is the community's response, not only from a point of view of size of attendance but also of enthusiasm.

That is why we said at the beginning that every community-minded citizen should be at Skaha Lake on Saturday. Few residents are so moribund that they cannot recognize the value to Penticton, as a tourist centre, of securing one of the outstanding features of the Empire Games.

Few residents are so lacking in public spirit as not to desire to do something towards securing such a prize. In this case by their attendance at the Skaha Lake sculling races on Saturday they will be doing their bit and at the same time taking in a worthwhile spectacle. Even if Penticton does not get the big prize, Saturday's show should do much to spark interest in rowing in the community and lead to the building up of the local rowing club and increasing interest in the city's two lakes which offer so much in the way of recreation but which, apart from swimming and fishing, are not utilized to the extent that they should be.

THROUGH OTHER SPECTACLES

O. L. Jones, M.P. for Yale, was mildly critical of valley newspapers when speaking before the Penticton Board of Trade on Tuesday night, for what he described as "sensationalism" in headlining adverse news such as of crop failures, frost damage, and so on.

Mr. Jones told his audience that the government employs readers, whose duties are to scan newspapers from all over the country and to report on trends and happenings to their various departmental heads.

Headlining of adverse events, Mr. Jones claimed, led to difficulty in securing appropriations for public buildings and other works by members concerned. Department heads, responsible for the

spending of public funds, are naturally reluctant to pour money into "dying communities" and that is the impression they gain from headlining of adverse news, Mr. Jones declared.

Mr. Jones' argument is not difficult to follow, but the question arises in our minds as to what would have happened to the little financial aid the valley did receive for damages incurred from frost, if, as Mr. Jones suggests, it had been "played down" in the newspapers.

On the member's own say-so, government departmental heads base their conclusions and are guided in their decisions by a picture of conditions built up from reports published in the newspapers.

It is logical to assume that, if this is the situation, any "soft pedalling" of adverse news would lead the government's readers to report that "all's well" in the Okanagan Valley or other areas and then, when the member concerned went hat in hand to seek aid for his constituents, he would be confronted with a report, built up from the newspapers, saying in effect that there was no need for aid.

What constitutes news will, of course, always be a debatable point, but we contend that anything that affects the economic well-being of the community is headline news, be it good or bad.

We go along with Mr. Jones in deploring any actual exaggeration of adverse news, but insofar as giving prominence to news, good or bad, which vitally affects the community and the district, we have no apologies to make.

As we see it Mr. Jones' argument boomerangs. To play down bad news is just as questionable a newspaper practice as to overplay it.

One thing is certain, regardless of opinion pro and con upon Mr. Jones' mild warning to the press to "soft pedal sensationalism", the member for Yale left members of the Board of Trade with considerable food for thought, in relation to the important part played by their own and other newspapers in influencing, far beyond the limits of their circulation districts, the thoughts and opinions of others.

A WISE JUDGMENT

The judgment against IWA picketers, recently handed down by Chief Justice Wendell Farris, and carried in full in the coast press, should be carefully read by every resident of the province.

An attitude developing for altogether too long a time, by which certain segments of labor have deliberately flouted the law, carries within it the gravest of dangers, and His Lordship has very wisely emphasized this point in his judgment.

Once our laws are flouted and orders of our courts treated with contempt, the whole fabric of our freedom is destroyed — such is one of the sentences in this judgment. We wish it could be emphasized and re-emphasized and burned into the consciousness of everyone.

Union leaders, it has been pointed out, are not only trustees for their members, but in token of the growing powers of unions, such leaders are also responsible to the public at large, and they, more than any others, should be conscious of the value and indeed necessity of honoring the law as it exists. The recent judgment of Chief Justice Farris helps to underline this fact.

Our Town

By Jack Scott

ALL TOO GRIM

On his last week-end visit old Uncle Eric gave the kids a handsome volume of Grimm's Fairy Tales and that may explain these great big blue circles under Daddy's eyes.

"There's nothing like a pleasant bedtime story for children," Uncle Eric simpered with the ready wisdom of all bachelors and, fool that I am, I was delighted.

It wasn't until that first night when I settled down with the book in my lap and a small expectant child on either side that it all came back to me.

Next to a personal visit on a stormy night from Boris Karloff and Bela Lugosi in full make-up, nothing is as calculated to induce terror as the horror tales of the brothers Grimm.

I had no particular fears about Jenny. Jenny would be happy if someone read her the Moose Jaw telephone directory. But Jill, who is rushing up on four, has the completely literal approach to everything. The sad story of the late Cock Robin, for example, left her as depressed as if she'd read a Dreiser novel.

It was Jill, too, who looked up from her prayers one night and questioned me narrowly about the line that goes, "If I should die before I wake." It had never occurred to me before, but it is a pretty gloomy thought to take to bed.

I had merely dipped into Messrs. Grimm, then, when I realized that it was all a horrible mistake.

There was, to begin with, the charming story of "The Twelve Brothers" and as I read the title my cherubs snuggled down for a happy little nightcap.

Once upon a time there lived a king and queen very peacefully together. I read, "They had twelve children, all boys. Now the king said to the queen one day, 'If our thirteenth child should be a girl the twelve boys shall die, so that her riches may be greater and the kingdom fall to her alone.' Then he caused twelve coffins to be made, and they were filled with shavings and a little pillow laid in each."

"That would never do, I made a great show of switching to a 'better story' and hurriedly flipped the pages.

Ah, "Sweetheart Roland!" That should surely be a nice one.

"Once upon a time there was a woman who was a real witch."

I began. My eyes skipped ahead a couple of paragraphs to the point where the witch in the middle of the night, cut off her child's head with an enormous axe.

"No," I said, "That's not a good one either."

"Daddy," said Jill, "why did they put shavings in the little coffins?"

"Here's one!" I croaked and began desperately to read about Jorinda and Jorinel.

Jorinda and Jorinel, as I was soon reminded, is the story of one of the more macabre witches who changes into a cat and screech owl by day and makes a hobby of transforming nice little girls into birds and shutting them up in cages in dark rooms. Ha ha ha! Just the thing for bedtime.

I did a quick segue into "The Goose Girl" in which one nice old lady is put—and I quote—"stark naked into a barrel struck with nails and dragged along by two white horses from street to street until she is dead."

At this point, to my astonishment, both members of my audience were heavy-eyed, nodding their heads and clearly ready to be put away for the night. I had expected them to be plucking frantically at the counterpane and perhaps screaming in terror but they slipped away as if they'd had a dose of Mother Goose instead of Dracula.

I scurried back to my chair, arranged nine packs of cigarettes within reach, and lowered myself into the black pit of brothers Grimm with a shudder that had my vertebrae cracking like castanets.

NEWS FROM Victoria

By J. K. Nesbitt

VICTORIA—One had hoped that the new Social Credit Government would bring some stability to the sadly addled public affairs of British Columbia.

This column, when the Bennett Government took over August 1, said the new government should be allowed, in peace, and without undue criticism, to perform its duties in the interest of the province and its people.

But—what has happened? The new government has been monkeying-around with hospital insurance, double-talking about hospital insurance until none of us know where we are. And worse—Premier Bennett himself has been deliberately putting the province in an uproar about a general election.

It's a sad state of affairs and one regrets to see it. In recent days the government did some more double-talking about hospital insurance. Health and Welfare Minister Martin issued a statement: "The government has decided to suspend the arrears of those persons who have been delinquent in their payments of B.C.H.S. premiums during 1949, 1950 and 1951. Persons in this category can re-establish themselves by paying the premium for the present year."

Well, now, let's look at that part of the statement. It means, doesn't it, that if we haven't paid 1949, 1950 and 1951 we can't pay for 1952 and all that O.K. I think that should be allowed, though it does add "it should be noted that this is a suspension, not a cancellation of arrears."

Then the statement goes on: "The government feels that some persons may be staying out of the plan due to the fact that they are unable to pay the large arrears which they have accumulated over the past three years." Persons who cannot pay their arrears—due to lack of income, will not be asked to do so. However, it should be noted that the hospital insurance service will, through the procedures provided under the Act, continue to collect premium arrears for 1949, 1950 and 1951 from those persons who can well afford to pay, by making arrangements for installment payments, if necessary, in accordance with their means."

But what on earth does all this mean? One part of the statement says those in arrears may re-establish themselves by paying the 1952 premium. Another part of the same statement says the government will continue to collect arrears, but "only from those persons who can well afford to pay." But who are they? How does the government propose to find out? Is there going to be a general means test? One man on, say, \$5,000 a year may decide he can't afford to pay; another, on the same salary, may decide he can't afford to pay. Where on earth is all this going to lead?

There's one bright light on an otherwise rather dark stage where hospital insurance is concerned. It's now evident the government wants hospital insurance to be a success. It has no intention of going all-out on its election pledge of voluntary insurance. As this column has said before, Premier Bennett is smart enough to know that voluntary hospital insurance is no hospital insurance at all.

But, in the meantime there's cause for worry. If the government doesn't stop playing around with this most necessary social service the people of B.C. will find that, one of these days, they haven't any hospital insurance.

It's good sometimes to get away from current politics and look a little into our romantic past. It's 90 years ago this week—September 17, 1862, that the vessel Tyne-mouth dropped anchor in Esquimalt harbor; the Tyne-mouth—a bride ship. She carried 62 young women who came to these shores looking for husbands. They all found husbands and most of them were happy, became well-off, mothers of big families, mistresses of fine homes. What adventurous women they must have been!

The Victoria Colonist sent a reporter to meet the Tyne-mouth, and he wrote: "They are mostly cleanly, well-built, pretty-looking young women. Most appear to have been well raised and generally they seem a superior lot to the women usually met with on emigrant vessels. Taken altogether, we are highly pleased with the appearance of the 'bride' and believe they will give a good account of themselves in whatever station in life they may be called to fill—even if they marry lucky bachelor miners from Cariboo."

BIRTHS

LEANDER — Born to Connie and Alex Leander at the Penticton Hospital on September 11th, 1952, a daughter, Leda Maria.

MADDOCKS — Born to Mr. and Mrs. R. Maddocks at the Penticton Hospital on September 12th, 1952, a son, weight seven pounds eleven ounces, a brother for Judy.

DEATHS

WEAVER — Passed away at his residence 395 Edmonstone Ave. on September 10th, 1952. William Weaver, age 70 years. He is survived by his loving wife, Alice, one son, William, of Vancouver; four grandchildren. The funeral service was held in the Penticton Funeral Chapel on Saturday, September 13, at 2 p.m. Rev. A. R. Eagles officiating. Committal Lakeview Cemetery.

TAYLER — Passed away at his residence 411 Maurice St. on September 15th, 1952. Alfred James Tayler, aged 80 years. He is survived by his loving wife Florence M.; two sons and two daughters: Alfred Maxwell (Fred) Tayler and Walter Herbert Tayler, both of Penticton; Mrs. W. W. Campbell, Penticton; Mrs. Pat Shea, Nanaimo, B.C.; four grandchildren; three brothers and one sister: Ernest, New Zealand; John Bert and Alice in England. Funeral services were held in the Penticton Funeral Chapel on Wednesday, September 17, at 2 p.m. Rev. Ernest Rands officiating. Committal Lakeview Cemetery.

WILLIAMS — Passed away at Kincaid, Sask., on September 14th, 1952. Ida Williams, age 64 years, formerly of 284 Edna Ave. She is survived by five sons and four daughters: George, Vernon, Kincaid; Lorel, Basswood, Man.; Carl, Penticton; Douglas, Sarnia, Ont.; Elliott, Penticton; Mrs. W. H. Graham, Penticton; Mrs. J. O. Babarge, Penticton; Mrs. Jim Lavelle, Abbotsford, B.C.; Mrs. Cecil Reid, Sarnia, Ont.; Mrs. Lois Perry, Abbotsford; Mrs. Fern Noble, Penticton; Mrs. Norman Harbicht, Penticton; 20 grandchildren, 1 great grandchild. Funeral services will be held in the Penticton Funeral Chapel on Saturday, Sept. 20th, at 2 p.m. Rev. Ernest Rands officiating. Committal family plot, Lakeview Cemetery.

LATIMER — Passed away in the Penticton Hospital on September 12th, 1952. Ella Wintennute Latimer, age 86 years, formerly of 324 Windsor Ave. She is survived by two sons and two daughters, Chester W. West Orange, N.J.; Gerald B. Penticton; Francis, Penticton; Esther, Gibsons, B.C.; three grandchildren and four great grandchildren; 1 brother, William E. Wintennute, Vancouver. Funeral services were held in the Penticton Funeral Chapel on September 15th, at 2 p.m. Reverend Ernest Rands officiating. Committal family plot, Lakeview Cemetery.

CARD OF THANKS

We wish to express our appreciation to all friends and relatives for their beautiful floral tributes and words of sympathy in the loss of our husband and father. Special thanks to Dr. Wickett for his kindness during his long illness.

Mrs. W. Campbell and family, Mrs. Weaver and family wish to express their gratitude to all the kind friends and neighbors who did so much to help in the time of Mr. Weaver's passing and to thank them for all the beautiful floral tributes at his funeral.

ENGAGEMENTS

Mr. and Mrs. James Chamberlain Clarke of Keremeos wish to announce the engagement of their only daughter, Ellen Louise Patricia, to Dr. William John Rowe of Vancouver, B.C., elder son of Mr. John B. Rowe of Woodstock, Ontario, and the late Mrs. Rowe. The wedding will take place in St. John's Anglican Church, Keremeos, on Saturday, September 27th, at three o'clock. Rev. George T. Paulson officiating.

The engagement is announced of Sheila Irene Bent, daughter of Mrs. Percy Bent, and the late Percy Bent to Richard Lynn Fletcher, son of Mrs. Harold Fletcher and the late Harold Fletcher. The wedding to take place 3 p.m. Wednesday, October 1st, 1952, in the Penticton United Church.

Bill Kent Honored At Farewell Party

A large group of young people gathered at the home of Mr. and Mrs. A. Kent recently to bid farewell to William Kent who left on September 7 to attend the Emmaus Bible School in Toronto.

Donald Cullen was master of ceremonies for the evening, and presented the honored guest with a leather wallet. Special features of the program were a solo by Mrs. Jenkinson, and Richard Main, Clifford Wilkins, Robert Smith and Earl Hickson in a male quartette. At the close of the social evening, refreshments were served by the hostess, Mrs. Kent.

Autumn Rites For Martens-Clarkson

White and yellow autumn flowers formed the background setting when Frances Clarkson became the bride of Erwin Martens on September 6 in the First Baptist Church here.

Rev. J. A. Raskam officiated at the afternoon ceremony. Kenneth Hillmer supplied the wedding music and soloist was Miss Norma Moore of Toronto, Ontario, who sang "Oh Perfect Love" during the signing of the register.

The bride, daughter of Mr. and Mrs. A. M. Clarkson of Stouffville, Ontario, was lovely in a princess gown of bridal satin which featured an Elizabethan collar and lily-point sleeves. A halo of orange blossoms held in place her floor-length veil of rayon tulle, and her only jewelry was an emerald pendant, a gift of the groom. She carried a yellow orchid on a white ribbon.

Attending the bride was Miss Margaret Bendig, bridesmaid, in a gown of pale blue tulle. She carried a colonial bouquet of pink roses. Delicate yellow organza was worn by Miss Lorraine Parker, as flower-girl, and she carried a nosegay of garnet roses.

Bestman for the groom, son of Mr. and Mrs. Henry F. Martens of Yarrow, was William Titchner. Ushers were Melvin Hillmer and William Kent.

At the reception held in the Glenary Room of the Prince Charles Hotel, Mrs. J. A. Raskam received for the bride. She wore a lavender afternoon dress with white accessories and a corsage of white carnations. The groom's mother wore a navy dress with white accessories and a corsage of white carnations. For the honeymoon trip to Washington and Idaho, USA, the bride carried a light blue knitted dress with navy accessories and a grey fox jacket. Her corsage was a yellow orchid.

The newly-wed couple will reside in Penticton.

Out of town guests at the wedding were Mr. and Mrs. H. P. Martens, Mr. and Mrs. A. Schellenberg, Henry Martens, Miss Agnes Martens and Miss Helen Martens of Yarrow; Mr. and Mrs. P. Martens of Lulu Island; Miss Irene Froese of Greendale; J. Wiebe of Sumas; Mrs. Arthur Moore and Miss Norma Moore of Toronto, Ontario; Mr. and Mrs. J. Peach and Mr. and Mrs. J. Dyck of Keremeos, and Mr. and Mrs. M. Williams and Mr. and Mrs. J. Martens of Vancouver.

Evening Branch Of WA Welcomes New Member

Plans to conduct a membership drive during the month of October were organized at the regular meeting of the S. Saviour's Women's Auxiliary, Evening Branch, which was held in the lower Parish Hall on Monday, September 15.

The president, Mrs. Maurice Bird, welcomed Mrs. O. B. Swanson, a new member.

Other plans which were discussed at the meeting were the plans to hold a rummage sale in the lower Parish Hall on October 4, and to hold a home cooking sale on October 11 in Bennett's Hardware. Conveners for the rummage sale are Mrs. F. C. Cantrill and Mrs. Freida Moore, and conveners for the sale of home cooking are Mrs. P. C. Hatfield, Mrs. D. E. McFarland, and Mrs. D. E. McFarland.

The next meeting of the Evening Branch will be held on Monday evening, September 29 at 8 p.m. at the home of Mrs. W. E. Guenard.

Mr. and Mrs. C. H. Asman, Mrs. W. F. Gartrell and James Griffin spent last week-end at the coast.

Catholic Church Scene Of Pretty Afternoon Rites

St. Anne's Catholic Church was the scene of the Saturday afternoon wedding of Ingrid Marie Schinz, daughter of Mr. and Mrs. U. Schinz, and Patrick Joseph Graham, son of Mr. and Mrs. H. T. Graham. Father Berger officiated at the rites in the flower-decorated church.

A strapless gown of lace over satin, accented by a full net skirt, fitted bodice and a bolero jacket, was worn by the bride. A coronet of seed pearls was worn in the bride's hair. She wore a pearl necklace and matching earrings, and carried a bouquet of red roses.

Mrs. R. G. Busch, as matron of honor, wore a gown of yellow tulle and carried a bouquet of mauve carnations.

Bestman for the groom was R. G. Busch, and ushers were N. Rumley and Tyman.

Following the wedding ceremony, a reception was held in the Alexander Room of the Legion Hall. A three-tier wedding cake centred the lace-covered reception table.

Captain E. A. Titchmarsh proposed a toast to the bride, and the groom responded in the traditional manner. Serviturs were Mrs. M. Tyman, Miss Colleen Coulter, Mrs. H. Nicol and Miss Rosemarie Newman.

The bride carried a powder blue knitted suit with deep purple accessories and a pink rosebud corsage for the honeymoon trip to points in Alberta.

The young couple will reside in Penticton.

Valley Interest In Calgary Rites

CALGARY, Alta. — Traditional white was worn by Marion Dixie Needles of Penticton when she exchanged marriage vows in Calgary, Alberta, at the United Church with John Bruce Fenton, of Calgary. Rev. Ashworth officiated at the ceremony on September 3.

Given in marriage by her father, the bride, daughter of Mr. and Mrs. H. Needles of Penticton, wore a floor-length gown of satin featuring a pearl bodice, a Peter Pan collar and lily-point sleeves. Her finger-tip veil of illusion net was held in place by a head-piece of orange blossoms, and she carried a bouquet of red roses.

Attending her sister was Miss Marjorie Needles, as bridesmaid, in a gown of pale blue net. She carried a bouquet of roses and delicate pink carnations. Miss Chloe-Ann McLeod was flower girl wearing a floor-length dress of pink crepe and carrying a nosegay of pink and white carnations.

Attending the groom were Maurice Ford, bestman, and A. Metcalfe and William Moore, ushers.

Charles Bigger proposed a toast to the bride at the wedding reception.

For their honeymoon trip through the western United States, the lovely bride carried a cocoa-brown suit with beige and green accessories. Her corsage of red roses from her bride's corsage complemented the attractive ensemble.

On their return, Mr. and Mrs. Fenton will reside in Exshaw, Alberta.

Visitors to the wedding were Mr. and Mrs. H. Needles of Penticton, Mr. and Mrs. P. L. Robinson of Copper Mountain, and Mr. and Mrs. Holmes and son, Leslie, of Bentley, Alberta.

Baptist Church Manse Scene Of Quiet Nuptials

At a quiet wedding solemnized in the First Baptist Church manse on September 13, Rev. J. A. Raskam united in marriage Beatrice Betty Ebelher, daughter of the late Mr. and Mrs. Ebelher of Empress, Alberta, and John Barclay Goodwin, son of Mr. and Mrs. Harold Goodwin of Sidney, Vancouver Island.

The bride, who was attired in a suit of white gabardine with navy blue accessories and a mid-Victorian bouquet of pink rose-buds, was given in marriage by George Shaw.

Attending the bride was Mrs. Linda Hale, wearing a navy blue gabardine suit with pink accessories and carrying a mid-Victorian bouquet of pink and yellow carnations.

Best man for the groom was Cable

Freeman. At the reception held in the Prince Charles Hotel, the guests were greeted by the groom's parents. The groom's mother wore a powder blue silk suit with navy blue accessories and a corsage of pale pink rosebuds. The reception table was decorated with lovely floral arrangements and centred with a two-tier wedding cake. A toast to the bride was proposed by the best man and responded to by the groom. George Shaw proposed a toast to the matron of honor.

For their honeymoon trip to Banff and points east, the beautiful bride carried a top coat of teal blue over her wedding ensemble. Her corsage was of rosebuds.

Pumpkin custard makes a delicious dessert the whole family including small fry will enjoy. Top the custard with a puff of sweetened whipped cream and sprinkle with toasted coconut.

HUNT MOTORS LTD.

Announce . . .

NEW EMPLOYEE PARTNERSHIP DEAL

Mr. Wilson Hunt, who has recently purchased Mr. Warren Roll's interest in Hunt-Rolls Ltd., is pleased to announce that he is, in turn, selling a certain number of Shares in Hunt Motors Ltd. to three of his Key Employees, and is happy to welcome the following as the new Directors of Hunt Motors Ltd.

F. D. KAY, SECRETARY-TREASURER

WM. ROBERTS, SERVICE MANAGER

J. R. (BOB) PHINNEY, SALES MANAGER

Statement by Wilson Hunt

In appreciation of some of those men who have helped to build this Business into what is now one of Penticton's better known Garages, I have decided to make Fred Kay, Bill Roberts and Bob Phinney, Directors of Hunt Motors Ltd.

I shall continue to fill the position of Manager of this Company, and am somewhat proud of the fact that next year will mark my twenty-fifth Anniversary in the Garage Business in Penticton. The records of this Company carry the names of many who have dealt with me for over twenty years. Messrs. Kay, Roberts, Phinney and myself are, naturally, vitally interested in the future prosperity of this Business, which will be governed solely by the type of attention given to you, our Customers. I feel quite safe in saying that you will receive Courteous and Satisfactory attention from all of us and I, personally, will stand behind any promise given to you by any of these men.

To Glen Ross, our Wizard Parts Manager, to Don Abel, our very able and patient Accountant, and to all the Members of our Service and Mechanical Staff, I would like to add my sincere thanks for their Faithful services, knowing very well that they have all done their share in assisting to build Hunt Motors Ltd.

We all thank you, our Customers, for the splendid support which you have always given us; may the Future be, Mutually, a Happy one.

Wilson Hunt

FRED KAY

WILLIAM ROBERTS

J.R. (BOB) PHINNEY

WILSON HUNT

Is a Native Son of Penticton and has spent his whole life in the Okanagan Valley. He attended our Local Schools, and after Graduating from High School, he enrolled in the Vancouver Technical School, taking a special course in Automotive Engineering. At the completion of this course, in 1938, he became associated with Mr. Hunt, then operating a small business, and during the War Years he worked as a Mechanic. Much to his regret, he was not accepted for Military Service, and in 1940 he was promoted from the Repair Shop to the position of Front End Sales Manager, which position he has held ever since. He is an active member of the Gyro Club and at the present time is Treasurer of that Organization. Fred Kay is a Director and Secretary-Treasurer of the new Company.

Better known as Robbie, has been in charge of all our Mechanical Repairs since his Discharge from the Army. He has been in the Automotive Business for twenty years, and prior to the War he attended the Indiana State Technical College, graduating with the Degree of B.Sc. in Automotive Engineering. He went Overseas in 1939, with the Royal Canadian Electrical and Mechanical Engineers; he saw service in England, Europe and Italy, and was promoted to the rank of W.O. 1, setting in the capacity of Shop Superintendent; at this time Robbie was in charge of over 750 Tradesmen, their duties being to service and repair the Army's Mechanical Vehicles. A little on the quiet side, Robbie knows what makes the car "tick". He is a Director and Service Manager of the new Business.

Has been selling Automobiles since 1935. In 1940 he moved to Kelowna to take charge of Sales for the Beggs Motor Company's Branch there, dealers for Chrysler and Plymouth Cars, and in 1950 he returned to Penticton to join the Sales Staff of Hunt-Rolls Ltd. Bob's early ambition was to be an Athlete, and he rapidly became an outstanding player in Basketball, Lacrosse, and Baseball, in which game he starred for Penticton as a First Baseman for several years. He is a Past Exalted Ruler of the Elks Lodge, and was honoured with the office of District Deputy Grand Exalted Ruler of District Six in 1949. Bob has earned the reputation of being a man to uphold his promises, and many people have purchased Autos from him time after time. He is a Director and Sales Manager of the new Company.

Gained his early Automotive experience in England and came to B.C. following his discharge from the Royal Flying Corps in 1921. He first settled in Vernon and worked for the Vernon Garage until 1926, when he married and moved to Vancouver. However, the Valley attracted him, and he settled in Penticton in 1928. In 1930 he joined forces with Jack Knox, and in 1938 he moved to the present location and started the old Hunt Motors Garage. He has been connected with the Chrysler Corporation since its inception in 1924, and next year he will celebrate his twenty-fifth year in the Auto Business in Penticton. He has been a member of the Penticton Gyro Club for over twenty years, and has also taken a keen interest in other Local Organizations. Mr. Hunt is Managing Director of the new Company.

O. L. Jones

(Continued from Page 1)
capable of handling this type of production," Mr. Jones said.

Criticism of the fact that of the five billion dollars being spent by Canada on defence — 11 percent of that amount was put into the pocket of another department in the form of sales tax and duties — was expressed by the speaker. "But," he said, "the Liberals make sure they have a majority on all committees and the end result of an investigation is a whitewashing for the government."

This was Mr. Jones' only excursion into what can be described as politics, during his hour-long address, in which he discussed housing, Indian affairs and public health.

A national health scheme is a long way off, Mr. Jones explained, in answering a question by Ivor Haddleton, president of the Penticton Junior Chamber of Commerce. The scheme is definitely not shelved but it is a question of cost and of method.

Many people and some provinces are opposed to a national health plan, Mr. Jones said, and he expressed the belief that the scheme would be launched in a small way by welding together the systems existing in some of the provinces.

Mr. Jones told the board that Penticton could have a health clinic, similar to the one in operation at Enderby and the one now going up at Kelowna, under a plan whereby the Dominion government contributes one third of the cost, the provincial government a third and the community a third.

These health centres which are going up in various parts of the country were envisioned by the speaker as forming the nucleus of the national health scheme operation.

Lack of sufficient hospital beds throughout the country was cited by Mr. Jones as another reason for going slowly with introduction of the national health scheme.

W. E. Guérard asked if the government was doing anything about housing and was informed that in all likelihood some action will be taken next year.

Mr. Jones prophesied that, in the near future, a bill will be laid before the house designed to circumvent the present lending agencies and that the government will lend direct to the prospective home builder.

"I am confident that the housing problem will be met and overcome next year," Mr. Jones declared.

The speaker touched upon Indian affairs, stating, "I sometimes feel that the Indians are not fairly dealt with." He cited instances in Penticton and district of roads being cut through Indian lands without consent being gained or compensation made and he told of his current efforts to secure compensation for the ditch running through Indian land which carries water from Okanagan Falls to Oliver. That ditch has been there for 32 years, Mr. Jones said, without the Indians receiving compensation.

In regard to the general problem of the Indian, H. Hatfield suggested that perhaps the problem could be solved if Indian children were able to attend public schools.

Mr. Jones pointed out that the school boards were only responsible for children living within the school districts and that Indian lands were outside the school district. The Indian department, however, has funds for education and Mr. Jones promised that he would enquire to find out if it was possible that these funds could be used in lieu of school taxes to enable Indian children to attend public schools.

Warm tribute was paid Mr. Jones by H. B. Morley, who said that he could not recall in all his years with the Board of Trade of hearing a speaker so clear and concise in dealing with topics of interest to the group. Mr. Morley also paid tribute to the co-operation Mr. Jones had at all times extended to the Board of Trade.

J. J. van Winkelaar introduced the speaker, outlining his long career in public service, — 14 years a member of the Okanagan Union Library, 14 years a member of the Kelowna City Council as alderman and mayor, and five years as M.P. for Yale.

Canadian Club

(Continued from Page 1)
meeting here tomorrow night.

The name of the Canadian Club's October speaker is not yet available, but the November meeting will be addressed by Mrs. Anne Stewart Higham, who will speak on the timely topic "Spotlight on the Middle East."

Handling the Canadian Club this year is H.D. Pritchard, president, with Miss Joan Appleton, vice-president and Mrs. H. E. Chalpin, secretary-treasurer.

On the executive are George Gay, past president, Mrs. Eric Freer, Mrs. W. Nuttal, Mrs. Margaret Michie, Dr. R. K. Gordon, W. R. Cox and Rev. Ernest Rands.

Nine Months To Complete Sewer

The construction company awarded the contract to install the final stages of the city's sewer system will be allowed nine months in which to finish the job, instead of six months as originally planned.

It was agreed, at the meeting Monday, that if the tenders had been called in August six months would have been sufficient, but because of the delay in selling debentures it is unlikely that work can now be started before the end of October and more time must be given to allow for a shutdown when weather makes excavation and pipe laying work impossible.

It was Alderman J. G. Harris who pressed for the nine months time limit so that the excavated ground would have time to settle before re-surfacing of the roads is started.

Alderman Harris explained that, if a longer period than nine months is allowed, the weather might be too cold for any hard-topping which will be required.

Tenders for the sewer work were called for September 22, but because the city is experiencing difficulty in floating a loan, the time has been extended until October 6.

Phone Change

(Continued from Page 1)

to Mayor George Dezell of Prince George. Penticton's mayor chose Prince George for his long distance call for two reasons, he told the northern city's chief magistrate.

"In the first place I wanted to speak to my friend. Secondly because, although there are many important centres in B.C., there are only two outstanding ones. Next to Penticton comes Prince George," he smiled.

Mayor Rathbun then briefly described the scene at the opening here before he turned the instrument over to the president of Penticton's Board of Trade, A. G. Schell, who received congratulations from his Prince George counterpart.

In Penticton the minor troubles which beset the company in the first few days are quickly being eliminated.

Some line breaks were experienced but these have been repaired. Poor dialing was responsible for some faulty connections, and failure to reach the party called but, company officials report, the subscribers appear to be "getting used to the dial" and the trouble is now almost non-existent.

"The tinkling of the bell, which accompanies dialling on some phones, will be rectified in time. Each individual phone must be examined in order that a small spring, which is responsible for the jangling, can be adjusted."

Services For Mrs. Williams Saturday

Mrs. Ida Williams, mother of five Penticton residents, died at Kincaid, Saskatchewan, Sunday at the age of 64. Funeral services will be conducted from the Penticton Funeral Chapel Saturday afternoon.

Mrs. Williams was born in Holly, Minnesota. She came to Canada in 1910 and has lived in Penticton for the past three years. She was visiting in Saskatchewan at the time of her death.

She is survived by seven daughters and five sons, Mrs. W. H. Graham, Penticton; Mrs. J. O. Labarge, Enderby; Mrs. L. O. Perry, Abbotsford; Mrs. Fern Noble, Penticton; Mrs. Norman Reid, Sarnia, Ont.; Mrs. J. Lavelle, Abbotsford; and George Vernon, Kincaid, Lorel, Busswood, Man.; Earl and Elliot, Penticton, and Douglas, Sarnia, Ont. Also surviving are 20 grandchildren and one great grandchild.

The Rev. Ernest Rands will officiate at the services Saturday at 2 p.m. Interment will be made in the family plot Lakeview Cemetery.

East Side Road

(Continued from Page 1)

quite possible and was being considered as a park.

That the communities on the west side of the lake are opposed to the east-side road was recognized in the regional discussion. General opinion of the meeting was that there will be such an increase in the volume of traffic in the next few years that an alternative route to Kelowna would be eventually welcomed by the west shore communities.

A motion, authorizing the executive to set up an action committee with instructions to join with other Boards of Trade in seeking a survey, was passed.

Interior Soldier Wins Rifle Honors At Calgary Course

Private Lloyd Gray, grandson of Mrs. E. V. Stephens of Penticton, was one of the two members of the 5th Battalion, Canadian Trenchers, chosen to attend a special eight weeks re-entraining course held recently at Currie barracks, Calgary.

During the course, Private Gray took top honors in a rifle shooting competition and Private Potter, the other soldier from the Salmon Arm company, placed third in the same contest.

Guests at the Kiwanis meeting Tuesday included Dr. David Garrioch and Bob McDougall both of Penticton.

WHAT A DAY!

What a misery it can be on those days when you are feeling way below par. How slowly the hours drag by when you feel seedy and sluggish and seem to ache all over.

And how unnecessary it all is, very often. Most times that dull, lousy feeling is the direct result of constipation and kidneys not working properly. You need something more than a simple laxative these times. You need Kruschen Salts. Millions the world over have learned the benefits of Kruschen . . . the salts that are like those in the waters of famous Mineral Springs. Acting in two ways at once, laxative and diuretic (for sluggish kidneys), Kruschen helps rid the body of waste matter. It goes right to the cause of the miserable, sickish feeling that constipation brings about.

Get some Kruschen today. Less than half a teaspoonful can make you feel better all day long.

Two Phones To Serve You — Dial 5666 or 2628

NARAMATA

Rev. and Mrs. A. C. Pound and Miss Elene Pound, formerly of Rosedale, have taken up residence in the United Church Manse. Mr. Pound was recently appointed pastor of the Naramata United Church.

Mr. and Mrs. Frank Luxton spent the week-end in Vancouver when they travelled to the coast with their son, Howard, who has enrolled as a student at the Vancouver Normal School.

Mr. and Mrs. Ross Colville, of Toronto, were visitors on Saturday at the Christian Leadership Training School.

Mr. and Mrs. Fred Westfall and small son, Gary, of Nelson, spent a week in Naramata with Mrs. Westfall's parents, Mr. and Mrs. P. R. Partridge, while en route to Vancouver for a holiday visit.

Mrs. A. M. Arseneau of Ottawa is a guest at the home of Mr. and Mrs. A. G. Stanforth. The visitor, the former Miss Mary Young, of Naramata, is on a six-week western visit and this is the first time she has been in the Okanagan since leaving here 22 years ago.

Miss Gloria Drought, who has been spending the summer with her parents, Mr. and Mrs. T. E. Drought, left on Monday to return to school in Vancouver.

Mr. and Mrs. Donald McIntosh and small son, David, have returned to Ocean Falls after spending a holiday visit with Mrs. McIntosh's mother, Mrs. Flora Littlejohn.

Percy Tinker left today for Vancouver where he will attend UBC.

Mr. and Mrs. Austin Nichol and small son, of Edmonton, and guests at the home of the former's parents, Mr. and Mrs. W. Nichol.

Guests over the week-end with Mrs. L. L. McDonald were Mr. and Mrs. Fred Danielson, of Walla Walla, Washington.

Miss Leah Denwood, who retired six years ago after spending 40 years as a United Church Missionary in China, came from Vancouver to spend the past week-end as a guest at the Christian Leadership Training School.

Mr. and Mrs. Stanley Dicken have arrived home after spending several days visiting in Fernie with Mr. Dicken's father.

There is a slight increase this year over last year's enrolment at the Naramata elementary school. The eighty-five students attending classes in the main school and in the temporary room at the community hall are as follows: grade one, 20 pupils; grade two, 15; grade three, 11; grade four, 12; grade five, 18 and grade six, 9.

Jeffrey Burton left on Tuesday for Vancouver where he will attend UBC.

Commander and Mrs. I. B. D. Morrow and small daughters, Leslie and Jennifer, of Royal Roads are visiting at the home of the former's parents, Mr. and Mrs. A. S. Morrow.

Rev. and Mrs. W. S. Beames and Miss Carol Beames left last week for Okanagan Mission where Mr. Beames has accepted the pastorage of the Anglican Church in that district.

Miss Ruth Simpson, Dean of Women at the Leadership Training School, is currently visiting in the east. She is attending the session of the general council of the United Church of Canada as a lay commissioner from the Kamloops-Okanagan Presbytery and before returning to Naramata early in October will visit in Washington, D.C., and the Prairie Provinces.

Mr. and Mrs. Harold A. Mitchell have returned home after spending a week in Seattle and Vancouver.

Mr. and Mrs. William Bailey were hosts on Sunday at a family reunion dinner. Among those present were their sons-in-law and daughters, Mr. and Mrs. Sidney Chambers, and Karen, of Long Beach, California, and Mr. and Mrs. Clifford Ingram and sons, Michael and Skipper, of Burnaby. Other family members present included the sons at home and a son and daughter-in-law, Mr. and Mrs. Bob Bailey, and Sandra Lee, of Penticton. Mr. and Mrs. H. P. Salting, parents of Mrs. "Bill" Bailey were also guests at the family gathering.

Mr. and Mrs. Pat G. Herbert entertained on Saturday evening honoring Lieut.-Commander I. B. D. Morrow and Mrs. Morrow.

Word has been received of the death of Peter Parkins in a Vancouver Island logging accident. The widow of Mr. Parkins, the former Miss Dorothy Achon, was a student of the Christian Leadership Training School and is well known locally. She and the late Mr. Parkins were married in 1950 and have a small son born in June of this year.

Penticton Girl Wed In Nokomis

NOKOMIS, SASK. — Elsie Winifred Waterman, daughter of Mr. and Mrs. A. B. Waterman of Penticton, became the bride of John Alexander Downey, son of Mr. and Mrs. J. S. Downey of Nokomis, Saskatchewan, at a double ring ceremony held on July 16 in the garden of the home of the bridegroom under an archway of pink and white gladioli.

The grandfather of the groom, Rev. A. A. Downey, officiated at the wedding. Stewart Wallace provided the wedding music and vocal selections were sung by Mrs. Harvey Smith and Miss Evelyn Larstrom.

The bride chose an ankle-length gown of antique Chantilly lace, the skirt falling over three crinoline petticoats of taffeta, net and satin. The basque was fashioned with a scalloped neckline and tiny cap sleeves edged in scallops. A tulle headpiece, outlined in tulle, held her finger tip veil. She carried Sweetheart roses.

Miss Gwen Dods, of Winnipeg, was bridesmaid and a sister of the groom, Miss Myrtle Downey, was junior bridesmaid. Robert Downey attended his brother.

A wedding reception was held in the garden for the wedding entourage.

Mr. and Mrs. Downey left on a wedding trip to northern Saskatchewan. They will reside in Winnipeg, Manitoba, where the groom is a student at the Manitoba Medical College.

Ladies' Aid Plans Busy Autumn Term

Plans for a busy autumn term were discussed at the first fall meeting of St. Andrew's Presbyterian Ladies' Aid which was held on September 11 at the home of Mrs. W. E. Carter. The vice-president, Mrs. H. J. Hayhurst, occupied the chair.

The Ladies' Aid plans to hold a rummage sale on October 4 in the

Shower Honors Miss I. Schinz

A Pyrex oven ware shower was held last Thursday afternoon at the home of Mrs. Jack Wheeler in honor of bride-elect Miss Ingrid Schinz. Co-hostesses were Mrs. T. Gibson and Mrs. Jack Wheeler.

During the opening of the many gifts, the honored guest was seated in a chair fancifully decorated with a large novelty paper parasol, pink and blue streamers and a cluster of colorful balloons, which, when popped, showered the entire room with confetti.

Refreshments were served by the hostesses, Mrs. Wheeler and Mrs. Gibson.

Guests at the gala affair were Mrs. C. Crawford, Mrs. M. Lyman, Mrs. E. Rumley, Mrs. B. Busch, Mrs. W. Moore, Mrs. F. MacKinnon, Mrs. A. Schoening, Mrs. J. McLaren, Mrs. Gulick, Mrs. U. Schinz, Mrs. F. DeLaura, Mrs. R. MacKinnon and Miss Carole Gibson.

Council Still Undecided Over Debenture Bids

Penticton's finance committee is still studying the offers made for the sewer by-law debentures last week, and another week's investigation will be required before a decision can be made, Alderman E. A. Titchmarsh told council Monday.

Only two offers were received for the \$280,000 debentures after bids had been invited. One was from McMahon and Burns of Vancouver who asked that a two weeks' option should be given on a price of 100 plus accrued interest. The other came from Bell Goulouck of Toronto. This firm offered \$7.25 plus accrued interest and indicated that a buyer could be found within 30 days.

Council approved the finance chairman's recommendation that the Vancouver brokerage house should be informed that no decision could be made for a week.

Alderman Titchmarsh also recommended that the Sun Printing Company's bid of \$343 for printing the debentures should be accepted. Other bids were Bulman Brothers \$351 and Grant and Sons, \$403.20.

POUNDKEEPER'S REPORT

Meeting Monday, City Council received a final report from C. Doble, who terminated his duties as poundkeeper Monday. Mr. Doble reported that since September 1 ten dogs were taken into the pound; two were claimed and eight were destroyed. T. E. Swan, new poundkeeper, started his duties this week.

Men Wanted

Men wanted now to qualify as Radio and Television Technicians or Wireless Operators. Government and Industry now pay \$219 to \$542 monthly depending on length of service. No experience needed to start approved night or daytime courses or study at home with parts supplied. Write without obligation, for free 40-page booklet, stating age and education. Radio College of Canada, 86 Bathurst Street, Toronto.

SQUEAKY, one of five baby squirrels orphaned by a dog, gets his meal from a tiny nursing bottle held by Bruce Eacrett, who is taking care of the little fellow. Squeaky likes to dance on his hind legs as he downs his bottle six times a day. Two of Squeaky's brothers died in a fall from a tree, and two others are boarded out to other foster homes.

Structural Changes To Arena Will Make Spectators' Lot A Happier One

KIWANIS GUESTS

Guests at the Kiwanis luncheon Tuesday included the Rev. Ernest Rands of Penticton; Alex. Lang of West Vancouver; Les. Longden of Vernon and Walter Richmond of Banff.

The city-owned house on Westminster avenue, recently occupied by the former electrical superintendent P. J. Murphy, will be repainted and rented out to a suitable tenant at \$55 a month, council decided Monday.

Patrons of the Memorial arena this winter will find many changes have been made by the arena management in order to improve facilities there.

For spectators, the wire screens at each end of the ice have been lowered which makes available several more rows of seats with unobstructed views of the ice.

No more will mulling crowds of people make passage through the coffee bar impossible and the sardine-jamming of spectators on the stairs leading to the bar will be a thing of the past.

Pipe rails have been erected so that orderly lines of customers will approach the counter and gates have been cut into the exit passages from the ice so that thirsty fans can get into the bar with a minimum of crowding.

Motorists attending arena events will no longer face the problems of finding parking space closer than four blocks from the arena. This year Queen's Park oval will be open for parking until weather conditions make the ground impassable.

Another innovation is the taxi loading zone, established so that patrons can be driven right to the arena door. The zone will also mean that patrons and taxi drivers will know exactly where to meet.

District Governor Addresses Rotary

Edwin Smith, district governor of Rotary International, met members of the local club at two meetings, Sunday and Monday, when Rotary aims and objectives were discussed. Mr. Smith presided at the governor's assembly here Sunday when future plans of the local club were the chief topic.

Monday, the district governor addressed the local club on Rotary ideals.

Monday evening, Mr. Smith addressed the Oliver Club and he visited Princeton Tuesday. Following the Princeton meeting Mr. Smith returned to Washington to conduct governors' assemblies at clubs in that state.

Evelyn Emile Greene, Valley Pioneer, Passes

KELOWNA — Scores of people from all walks of life gathered at St. Michael and All Angels' Church on Monday to pay their last respects to Mrs. Evelyn Emile Greene, whose death occurred last week at the age of 80.

Ivor Haddleton Will Be Installed Head Of Junior Chamber Tonight

Ivor Haddleton will officially become president of the Penticton Junior Chamber of Commerce this evening at a ceremony aboard the Sicamous, when he will accept the gavel of office from Tommy Walker, retiring head.

BRIEF BEING PREPARED ON CREEK NEEDS

Full information of the type of work, and the cost involved, in repairs made in the past to Penticton Creek will be gathered by Alderman J. G. Harris, chairman of the city's board of works, for inclusion in the brief which City Council plans to present to dominion and provincial governments to support its appeal for financial assistance in effecting permanent repairs to the creek.

At the meeting Monday Alderman Harris informed council that he plans to collect details of cost of repairs carried out in the past; full details of the type of work done and also photographs showing portions of the creek which are in need of maintenance.

Alderman Harris recently estimated that to do all the necessary work on the creek would cost about \$300,000. Council agreed that the city is unable to finance such a project and that neither ratepayers nor council are prepared to float further loans through money by-laws.

Recently the provincial government re-allocated \$43,000 for work on the portion of the creek between Westminster avenue and the lake. The money, according to the terms laid down by the government, must be used to strengthen the sides and the bed of the creek.

The city engineer is to meet J. W. Miers, provincial engineer, to discuss the manner in which the money is to be used.

It is not likely that the money will be turned over to the city for free use but rather the money will be paid out as the work progresses.

Mr. Walker and Mr. Miers will discuss the type of materials which must be used on the repair work.

Objections To Fertilizer Plant Will Be Studied

Suggestion that alternative quarters should be found for the B.C. Organic Fertilizer plant, now situated on Huth avenue, will be referred to the city solicitor for an opinion and the owner of the plant will be asked to meet council Monday.

Council's decision was made as a result of a petition, signed by 31 residents living in the vicinity of the plant, which complained of the unpleasant and unhealthy odors which emanated from the premises.

Mrs. M. G. Broderick, representing the signatories, told council that, at times, the odors were so unpleasant that it was impossible to leave house windows open.

Alderman E. A. Titchmarsh recalled that a previous council had attempted to find other quarters for the plant but little headway was made.

The installation of officers will be conducted by North Vancouver's Monty Aldous, district president of the Junior Chamber of Commerce.

Other officers to be installed are Eric Larsen and Bill Philips, vice-presidents; Willard Nourse, recording secretary; George Smith, corresponding secretary; Merv Allen is again treasurer.

The Jayces executive organization differs this year from other years.

Only the above named will be

IVOR HADDLETON, ... heads chamber

Installed as officers but eight standing committee chairmen will be named later by the executive. Sub-committee chairmen will be appointed as required.

In the past a number of directors — last year there were seven — have been elected and committee chairmen were responsible to these directors.

City organizations to be represented at tonight's ceremony include City Council, the Kiwanis, Gyro, Rotary, Kinsman and Lions clubs and the Penticton Board of Trade.

Entertainment will be provided by Jaycees and the "Sicamous Four" will provide music for dancing in the latter part of the evening.

According to president-elect, Mr. Haddleton, the installation dinner will serve as an excellent opportunity for the introduction of new members and Jaycees are asked to bring along prospective members. Admission is by invitation only.

Keremeos Notes

KEREMEOS—Mr. and Mrs. J. C. Clarke have formally announced the engagement of their only daughter, Ellen Louise Patricia, to Dr. William John Rowe, elder son of John B. Rowe of Woodstock, Ontario, and the late Mrs. Rowe. The bride-elect, who is the granddaughter of the late Mr. and Mrs. R. C. Clarke, pioneers of the Similkameen Valley, and A. E. East of Parksville, V.I., for many years a resident here, graduated recently from the Vancouver General Hospital. Dr. Rowe is a graduate of Western University and served his internship at the Vancouver General.

He is now practicing at Shaughnessy Military Hospital. The wedding will take place on Saturday, September 27, in St. John's Anglican Church with Rev. George T. Pattison officiating. A reception will follow at the home of the bride's parents.

Gavin Rumsey of Creston, who has been on the staff of the Canadian Bank of Commerce for four years, one of which he has spent with the local branch, left on Tuesday morning to enter the Anglican Theological College at Vancouver. He travelled with L. Dudley Ritchie,

who has been assisting Rev. G. T. Pattison during the summer and who is returning to the college to continue his studies. Mr. Rumsey has taken an active part in church and public affairs; he will be replaced on the staff of the local branch of the bank by Allan Humphreys of Oliver.

Mrs. Thelma Dawson, field organizer of the B.C. Division, Canadian Cancer Society, spoke to the executive of the Keremeos-Creston unit at a meeting at the home of the president, Mrs. J. H. East, on Thursday evening.

Friends will be interested to know that Gordon Peach, son of Mr. and Mrs. Jack Peach, has been trans-

ferred from the Bank of Commerce at Kamloops to the staff of the Oliver branch of the bank.

Members of the Keremeos Women's Institute entertained on Wednesday evening at the home of Miss Dugdale in honor of the president, Mrs. W. Murray Cameron, who is leaving at the end of the month to reside in Port Moody. Mrs. D. J. Innis played the piano during the evening and a presentation was made to the guest of honor by Mrs. Innis.

South Similkameen Parent-Teacher Association held a most interesting meeting on Monday evening with Claire Morris, president

elect, in the chair and Miss Evelyn Bartlett recording. F. C. McCague, principal of the Similkameen Junior-senior high school, gave a comprehensive address on the advantages of high school graduation, explaining that this type of education, which is often criticized, does much to keep the student, who perhaps is not academically inclined, in school longer than he would be inclined to stay if faced with university entrance. Mr. Morris explained the system of giving reports in the elementary school. The fish bowl was won by Mrs. R. C. Clarke's class. Hostesses for the evening were Mrs. W. Quaedvlieg, Mrs. J. H. Sykes, Mrs. J. M. Sykes and Mrs. J. M. Clark.

German Varsity Graduate Speaks To Kiwanis Club

Bruno Scherer, graduate in agriculture from the University of Stuttgart, gave Kiwanians an insight into the conditions of life in south west Germany when he addressed that group at the luncheon meeting Tuesday.

Mr. Scherer is touring Canada studying modern co-operative methods used in this country's agricultural industry.

In his own country the co-operative movement is "very strong" but the country's economy in the past 20 years has deterred expansion of the movement, the speaker said. Mr. Scherer explained that because the land which normally produces wheat, rye and potatoes, is now in the east zone the people in the western sector are faced with a difficult food problem. There are people, refugees from other countries, to be fed, and bombed out refugees to be rehabilitated.

He told Kiwanians that a specialist working in a factory might earn as much as \$100 a month—a good wage by German standards. Many people in his part of the country own farms but they work in the small factories which were built under a decentralization of industry plan. When the factories are not producing many goods then the farmers return to their farms and produce food.

He himself earned only \$50 a month by teaching agriculture and working in an agricultural office. Of his salary \$40 went towards food and rent.

Mr. Scherer's visit to Canada was made financially possible under the Marshall Plan.

PATCHING APPRECIATED

A letter of appreciation was received by council from T. Syer thanking the board of works department for the patching work which was done at the corner of Winnipeg street and Victoria drive.

Special permission to convert a single dwelling house into a multiple dwelling was granted to Mrs. L. A. Coulter of Alexander avenue by City Council Monday.

A rhetorical question is one which does not require an answer.

A WEEKLY INFORMATION SERVICE

MONTREAL—There is such wonderful variety in our native fruits, clear through to October. No wonder they please everyone. And no wonder everyone in the family loves the jams and jellies you do down with those fruits... when you use CERTO FRUIT PECTIN. Those jams and jellies will be perfectly set... full of rich fruit-fresh flavor. Results with Certo are always so sure. You need only follow the simple recipes in the booklet, much time and effort! With Certo, you can do down jams and jellies in 1/3 the time of the former long-boil method—and get up to 50% more jars from the same amount of fruit.

Laugh And The World Laughs
With You

Cry and you cry alone. It's an old, old saying but forever true! So, remember, next time you're feeling blue or a rainy day, you should (and can!) do something about it. A glass of sparkling SAL Hepatica taken before breakfast will make you feel like a new woman. And when hubby or son isn't feeling just right, either, suggest they try Sal Hepatica, too. Did you know that it's been a faithful family laxative for over sixty years? Umhmm. And another beauty about Sal Hepatica is that you can use it safely merely as a "refresher" in the morning—or at night when your system feels the need of a more thorough remedy. Next time you see your druggist, ask him for Sal Hepatica.

Past! It's Later Than You Think

—Fall is all but here and winter won't be far behind. Yes, time's a-flying, but it's still not too late to arrange a Coal Loan to ease the strain of paying for your winter warmth. Now's the time to buy your coal—before prices get any higher—and pay for it with a Coal Loan. So, if you've been "putting off" coal-buying, don't wait another day to see about a low-cost B of M Coal Loan. Talk it over with your husband and then pay a call on the manager of your nearest branch of "My Bank". With having to pay for it all at once. You can spread out your loan repayment over as many as seven easy instalments. That's what I call a real help to a busy budget!

INSULATION INCREASES VALUE
In times when prices are rising, insulation increases its worth to the home owner. Portland building trade sources point out.
The main financial advantage of insulation at any time of course, is in its conservation of fuel. While insulation will not save more fuel when prices are high, it will save more dollars.
WEST COAST DESIGN FOR LIVING MOVING EASTWARDS
West Coast design for living is working eastwards causing wide interest among prospective new home owners. Outstanding in this new trend is the imaginative use of lumber and plywood affording unlimited scope for architects and designers and a great new potential source of business for lumber dealers.

If you are considering a fireplace with a raised hearth, plan on having a fireplace fender, too. A snodgering log needs to roll off the hearth only once and your living room carpet is scorched.

Exterior appeal and an interesting interior arrangement of rooms have been combined by Roy Sellors, Winnipeg architect, in this three-bedroom, two-story house with attached garage. Those who seek privacy will be attracted by the rear location of the living-dining area which runs the full length of the house and features two large window areas overlooking the garden. The lighting throughout has been designed to ensure that there will be no dark corners and even the stairs have their own natural light for added safety. The front entrance is protected and there is a handy inside door to the garage. If a more spacious entrance hall is desired the coat closet along the left wall could be eliminated since closet space is plentiful.
The dimensions of the house are 27 feet, seven inches, by 22 feet, five inches, exclusive of the garage which measures 20 feet by 10 feet. The livable floor area is 1,236 square feet and the cubic measurement 17,150 cubic feet, exclusive of garage. Working drawings for this house, known as Design 317, may be obtained from Central Mortgage and Housing Corporation at minimum cost.

VLA Advises . . .
BY TOM GARSIDE
Construction Supervisor
Continued from last week, this article will be of interest to veterans who are planning to build homes without basements.

HOUSES WITHOUT BASEMENTS
a. General—Houses to be built without basements shall conform with these "Building Standards" provided that the following exceptions or additional requirements shall apply.
b. To compensation for equipment, storage and work space normally provided by basements, the following floor areas are required in addition to those stated in "House Areas and Space Requirements":
1. Heating and domestic hot water equipment, laundry and work area, 120 square feet. Kitchen space required (in dimensions of rooms) may be combined with this area providing such combined floor area is not less than 170 sq. ft.
2. General storage area of not less than 50 square feet shall be provided in addition to areas required in sub paragraph b 1 above. This storage area shall be separated by a partition and door from other space.
3. Fuel storage of 50 square feet shall be provided if the heating plant burns solid fuels. If the heating equipment comprises oil or gas burning equipment only, fuel storage requirements may be waived.

c. 1. Floating slab construction, that is, a house carried by a slab on ground without a convention foundation carried below frost, will be accepted provided that such construction is designed and supervised by a competent authority acceptable to the District Construction Supervisor.
2. Concrete slab floors for living purposes, used in conjunction with conventional foundations, may be placed on the ground subject to the conditions in sub paragraph d following. Conventional foundation sand footings shall be as specified in Sections 6 and 7 of these building standards.
PREPARE GROUND
d. 1. Top soil containing humous and main root growths shall be removed and the exposed subsoil shall be levelled and compacted. This sub-soil surface shall be at least two inches higher than finished grade at the exterior walls of the building.
2. Six inches of broken stone shall be placed on the prepared subsoil, levelled and compacted. Immediately prior to laying the concrete, 45 pound roofing or equal, lapping 6" at joints, shall be laid over the stone fill.
3. Temperature reinforcing rods 3/8" in diameter shall be placed 24" c/c both ways, or reinforcing mesh weighing not less than 40 lbs. per 100 sq. ft. shall be used.

4. Concrete shall be poured to a depth of not less than 4". Concrete shall be as specified in Section 7 (h) of these Building Standards.
5. Not less than 1" thick rigid insulating material shall be applied at the edge of the slab and shall extend at least 6" below finished grade. This insulation shall be impervious to moisture and not subject to attack by fungi, or treated to produce these qualities.
6. A continuous damp-proof course shall be placed between the exterior walls and the concrete work supporting them. This damp-proof course shall be carried up the interior of the wall not less than 4" as near the finish surface of the wall as possible. Damp-proofing material shall consist of not less than 45 pound saturated roof felt or acceptable equivalent.
CRAWL SPACE
e. 1. Houses without basements but with crawl space beneath the first floor shall be erected on foundations as specified in Sections 6 and 7.
2. The provisions for unexcavated areas in Section 4 shall apply.
3. The earth in the crawl space shall be made sufficiently even to receive a layer of 45 pound saturated roofing felt, lapped 4" and weighted down with bricks, stones or similar material. A 2" concrete slab may be used as an alternative.
4. A continuous damp-proof course of 45 pound saturated roofing felt, or acceptable equivalent, shall be placed between the top of the foundation walls and piers and the construction supported.
5. Vapor barrier paper shall be placed between the finish flooring and the floor insulation. See insulation requirements, Section 21 (c).
f. 1. Fuel-storage room shall be tightly lined with 13/16" square edge boarding over building paper over 3/8" gypsum or other rigid sheathing to form a dust tight compartment. The fuel storage room shall be fitted at the door opening with removable boards set between stops extending five feet above the floor. In addition, a 1 3/8" thick door shall be hung to open outwards and shall close tightly against continuous stops at both sides, head and bottom of door opening.
2. A four feet high dado adjacent to laundry equipment shall consist of exterior quality plywood 1/4" minimum thickness, or equivalent approved product to receive three coats of oil paint. A fibre board covering of the insulating type will not be permitted at this location.
CONCRETE FLOORS
g. 1. In houses with concrete floors, finished floors of utility room and general storage room may be 3/4" concrete topping painted, or resilient flooring such as linoleum, asphalt or rubber tile. Wood finish flooring is not acceptable.
2. In fuel storage rooms concrete topping will not be permitted. The structural floor shall be trowelled just sufficiently to finish without floating.
h. 1. Rent shall not be provided

Vapor Barriers And Ventilation Reduce Moisture Problems

Many homes have a moisture problem. Either there is too little or too much moisture in the air. If the air is too dry, it can be made more humid by means of humidifiers. The problem of controlling air which is too moist is far more complex.

All air contains moisture, or water vapor which is invisible. When the air is warm it can hold more moisture than when it is cold. When water vapor comes in contact with a cold surface, it condenses to form frost or water — depending on whether the temperature of the surface is below or above 32 degrees F. The temperature at which water condenses varies in relation to the surface temperature and the amount of water vapor in the air. Condensation makes itself known in the house by damp spots on ceilings and room-side surfaces of exterior walls, water and ice on inside surfaces of windows, moisture on basement, side-walls and floor, water-filled blisters on outside paint surfaces, and rotted lumber.

VARIED SOURCES
The sources of water vapor are varied. Wet plaster, wet basements and unexcavated areas under a house will produce a great deal of moisture. However, the moisture produced by wet plaster will be of a temporary nature. Household activities, such as cooking, laundry and open gas flames add to the moisture as well as bathing facilities. Condensation is most apt to occur in homes at two specific times: the first winter after a house is built (sources of excessive moisture are new plaster, fresh concrete and green lumber); in excessively cold weather when interior humidity is high. The control of excessive humidities varies with the type of structure, the parts of a house and living habits of the occupants.

Thought should be given to the condensation problem when plans are being drawn up to build a house. It is then that future water vapor difficulties may be avoided by providing for proper ventilation, vapor barriers and insulation. All three methods should be fully utilized in the plans because the degree of humidity which will ultimately be desired by the owner is unpredictable and the wisest approach is to avoid any condensation problems which might arise from excessive humidity.

CONTROL WATER VAPOR
Ventilation controls water vapor at its source and so reduces interior humidity. There is no fixed rule for the correct amount of air to be used but it is considered more satisfactory to have a controlled source of ventilation than to depend on the uncontrolled ventilation from cracks around doors and windows. Air brought into the living areas of a house for winter ventilation should preferably be heated and the amount controlled and properly distributed. If the home is heated by a warm air furnace, an outside air intake can be added to the heating plant providing such an air source is advised by a heating engineer.

Vapor barriers are designed to prevent interior moisture from getting inside the walls. Condensation can usually be avoided in attics, ceilings, and walls by the use of vapor-resistant building paper properly applied to the warm side of wall or ceiling (under the finish) when the house is constructed, to fuel storage room.

2. Utility and general storage rooms shall be equipped to provide an inside temperature of 60 degrees or better in coldest winter weather.
3. The heating unit shall rest directly on concrete. In floating slab construction the concrete surface supporting the heater shall not be lower than the finished floor surface. Where conventional footings and foundations are employed, a lowered floor to provide drainage or gravity in a heating system may be used.

SHUT OUT STORMS

with **BARRETT STORM KING* ROLL ROOFING**
You can, then paint the "chair-ette" with a primer coat and two coats of exterior paint. Another idea too, is to paint on them the names of each member of the family if you're making more than one. Either do this by a stencil or by applying decalcomania. And here's another thought: A foam rubber cushion will add comfort and there you have it. The ideal thing for a boat or for a football game at the stadium.

- ✓ No Exposed Nails
- ✓ Complete Double Coverage

Athletics Cop Valley-Mainline Loop Crown

Sports - Pourri

By SID GODBER

It's no secret that the Athletics won the league championship. About the biggest crowd ever seen at a sporting event in Penticton was on hand to see the A's take Oliver. Sort of ironic that Ritchie Snyder, former Oliver coach, should be the man to bust up the ball game with his circuit clout. So congratulations are due the Athletics with a cheer for Oliver for a good try. To my mind there would have been something seriously wrong if the A's hadn't won the trophy. That is quite a powerhouse that Les Edwards has built up. The A's are now hoping to shoot for the B.C. title if a series can be arranged between the Mission Club, about the hottest club in the Fraser Valley, for this week-end. Efforts are being made to arrange for a Saturday night and a Sunday afternoon game.

Unfortunately that the Oliver club should feel sort of sore about it all. I wanted to get a picture of the Oliver team but when the photographer braced the captain about posing his men the photographer got an earful. Seems the boys are still smarting about a columnist's rather forceful description and opinion, anent a donnybrook on the Oliver diamond some weeks back. So, no picture. Bert Tidball was one of, if not the happiest, fan at the game. He was round mumbled, "Just look at 'em will you. Look at that crowd." He was so happy he bought cokes for the press box.

Sid Godber

On Sunday's performance looks like a safe bet to back the Canucks for the junior title. Young Larry Jordan looked as if he will be able to fill Ted Bowsfield's shoes when Ted, as seems to be a foregone conclusion, goes up.

Liked that gesture made by the Athletics to one of their ardent fans. This youngster, a dyed-in-the-wool fan and a rooster for the A's, couldn't get to the final game owing to illness. He isn't feeling too bad about that now. The A's, every man jack of them, autographed one of the balls used in the big game and then a delegation of players and coach-manager Les Edwards made the presentation. That's what I call a fine thing.

And so it's just about time to lay away bats and balls. There's a nip in the air and at King's Park the way is being cleared for the fall reign of King Football. At the arena Fred Madden is sweating it out building up the ice sheet and, lordy! lordy! how time flies, next week, Thursday, the Vancouver Canucks will be in town.

NOTHING NEW ON HOCKEY FRONT

Nothing new on the local hockey front. Dickering is still going on. Understand that more of last season's team have been signed up but I haven't got the official dope yet.

Other clubs in the loop are keeping quiet about what they've got, if anything. I'm betting that Paul Thompson is doing some heavy dickering these days. Heard it said that the Kamloops coach is planning on a young team this season. Young or old, it's a safe bet that Paul will throw out a combination that will take some beating. Up Vernon way they're working under wraps but we know that Dave McKay, player-coach, knows a hockey player when he sees one. Then of course don't sell Phil Hergesheimer short. I think it will be a tough league, but, here goes fearless forecaster Godber again, the V's won't be at the bottom of the heap when the smoke clears next spring.

Harry Tyrrell, he's doing a hockey chatter column up in Vernon, has also gone on the limb. Says Harry, the V's will end up on top, but they'll fold all same Kamloops Elks last season, when it comes to the showdown.

JIM BOULDING MAKES THUNDERBIRDS

On the gridiron front — word was received here this week that former Searle Marauder Jim Boulding learned enough about the pigskin sport here to win a place on the University of British Columbia Thunderbirds. Big Jim will toil in the backfield of Jerry Anderson's squad this fall when the Birds go into action in the Evergreen Conference.

Incidentally Saturday's Northwest rowing championships could well be a prelude to the British Empire Games rowing events if enough people turn out to impress the games officials with the enthusiasm here. Colonel Taylor will be here and if he finds the beach occupied by a mere handful he could hardly be blamed for looking favorably at Kelowna or Nelson — neither of those cities are likely to shed tears if Penticton is turned down in their favor. If we want the games here — and anybody with any community spirit should — then it's up to us all to get down to Skaha Lake and show Colonel Taylor that the BEG scullers wouldn't be playing to a half empty house.

Still waiting to hear something about curling. There seems to be plenty of enthusiasm over the coffee table but no one apparently wants to call a meeting and get organized. The only ice available is at the arena and the problem would be to keep it in shape for curling. That would entail an ice shaver, but so far I haven't heard that the parks board is considering purchasing one, although in the long run it would be a good investment. Maybe if the curlers got together they could make a dicker with the parks board that would lead to the purchase of an ice planing machine but, unless the curlers show up in force and with lots of enthusiasm, it isn't likely that the parks board will move.

"FIRST WITH THE FINEST"

Penticton Herald Sports

CHAMPIONS ALL, the 1952 edition of the Penticton Athletics pose with the two handsome trophies they won this year — The National Cafe trophy for winning the loop pennant and the CKOK trophy awarded to them as Okanagan-Mainline League champions. The A's are from left to right: sitting, bat boys Keith Stevenson and Paddy Howard; kneeling, Aubrey Powell, Bill Nicholson, Bud Russell, Doug Kilburn, Grant Warwick and Johnny Apolzer; standing, Bud Tidball, Mac Collins, Frank Bowsfield, Okanagan-Mainline League president, Gordy May, coach-manager Les Edwards, Sam Drossos, Bert Tidball, president of the Penticton Baseball Association, Kev O'Connell, Ted Bowsfield, Ritchie Snyder and Bernie Carey.

MOMENT OF TRIUMPH for the Penticton Athletics' coach-manager Les Edwards, right, and captain Ritchie Snyder as they receive the coveted CKOK trophy from league president Frank Bowsfield following their defeat of the Oliver Elks in the final game of the Okanagan-Mainline League finals at King's Park on Sunday. For Les it was a fitting climax to his most successful year as coach of the A's and to big Ritchie, who broke up the ball game with a mighty home run, a satisfying victory over his former teammates.

Jordan's Five Hit Job Gives Canucks Lead In Junior Baseball Finals

The Penticton Canucks got the jump on Kelowna in the battle for the South Okanagan Junior Baseball League championship when they handed the Orchard City Chiefs a convincing 8-1 trouncing at King's Park on Sunday afternoon.

The game was the first in the best of three final for the John Norwood Memorial trophy and if the hustling Canucks continue to play the brand of ball they displayed on Sunday they look like a good bet to bring home the silverware.

While he twirled a masterful five-hitter for the Canucks, the game was somewhat of a heartbreaker for young Larry Jordan. He had a brilliant shutout within his grasp with two out in the ninth when he fed a fat one to Bill Williams and the husky rightfielder blasted it over the right field barrier for a bases-empty home run.

Except for that one bad pitch, Jordan was in complete control of the situation, and with some stirring support from his fielders, turned in a performance which would be good enough for a victory in many senior leagues. While Jordan was handcuffing the Chiefs, his mates were getting to Kelowna hurler Lloyd Duggan for eight bases blows and a like number of runs.

FANCY BASE RUNNING Singles by Lloyd Bursari and Elmer Mori plus some fancy base running gave them a brace of runs in the fourth and successive three-baggers by Charlie Baker and Mori added another two in the sixth. That was all they needed for a victory, but a four run uprising in the eighth really put the game away.

With the aid of some able base coaching by Don Kidd and Mac Collins the Canucks made the most of all their opportunities and were full value for the win.

Both sides came up with some fielding gems, with Canucks, shortstop — second base combination of Lloyd Bursari and Sholto Hebertson and Kelowna infielders Ken Marshall and Art Breggollase in particular making the hot ones look easy.

Penticton's left fielder Baker made the game's sensational catch — a running, one-handed effort on Norm Giff's fly to short left.

The top-flight performance turned in by both teams was somewhat ruined by the loud and scolding

uncalled for complaints of Kelowna coach Lorne Gauley, who decided halfway through the contest that he wanted neutral umpires.

Both plate umpire Charlie Maisonneuve and Doug Kilburn on the bases were doing a competent job and Gauley's squawks appeared entirely out of line.

ARENA CENTRE OF ATHLETIC ACTIVITY SOON

The Penticton Memorial Arena will become the centre of community sports activity beginning next week when Coley Hall's Vancouver Canucks take to the ice for their two weeks' training camp.

Arena manager Fred Madden is busy preparing for the Pacific Coast League club and started making ice yesterday.

The Canucks will provide the 1952-53 hockey season curtain-raiser here on September 30 when they tangle with the Tacoma Rockets and on October 3 with the Seattle Ironmen.

The Canucks will hold practice sessions in the mornings and afternoons during their try-out camp and spectators are welcome to come out and watch this season's edition of the club go through its paces.

The first skating sessions will be held on Monday, September 22, with children's skating at 4 p.m. and general skating at 8 p.m.

The district commercial hockey league boys will begin workouts on September 25 following their general organizational meeting and the 1952 edition of the V's will start practices on October 1.

This year's activity on the ice lanes will be rounded out by a heavy minor hockey schedule with youngsters of all ages being encouraged to play regardless of age or calibre.

The figure skating group — the Glenagarry Figure Skating Club — is looking forward to an excellent year with the appointment of professional instructors, Mrs. Pearl Fleming, from Edmonton.

SEASON NEVER CLOSED

There is no closed season or bag limit on black or brown bears in this province.

Record Crowd Watches Bowsfield Down Oliver 6-4 With Two Hitter

Les Edwards' Penticton Athletics climaxed a brilliant season on Sunday when they thrilled the largest crowd ever to watch a baseball contest at King's Park with a sparkling 6-4 victory over the determined Oliver Elks in the third and deciding game of the Okanagan-Mainline League finals for the coveted CKOK trophy.

The pennant-winning A's gave everything they had to win the silverware and that included a sensational two-hitter by southpaw ace Ted Bowsfield, smooth fielding and a fine exhibition of power hitting when the chips were down.

The game was no cinch for the A's. They had to play like champions right down to the wire. Bowsfield had a shaky first inning when a walk, a single by Mickey Martino and two successive sacrifices gave the Elks a singleton run.

That lone tally loomed larger and larger as the game progressed and developed into a red-hot pitchers' duel between Bowsfield and Jack Mathers, who the Elks brought in from Grand Forks for the crucial contest.

Something had to give and ironically it was an ex-Offvite who blew the game wide open and gave the A's the incentive they needed to go on to victory.

With the jeers of several hundred Oliver fans ringing in his ears, lean first sacker Ritchie Snyder stepped up in the fourth inning and belted one of Mathers' offerings over the centre field wall for a bases-empty home run.

That was the spark which started the fire. Big Sam Drossos got on when Paul Eisenhut let his grounder go through his legs. Grant Warwick was safe on a fielder's choice when second baseman Frank Fritz bobbed the throw to second.

With the pressure on and the huge crowd screaming for a rally Bill Nicholson delivered with a sizzling single through centre. Big Sam rounded third and headed for home. Red Coulter was waiting for the throw on the third base side of the plate and Sam hit him dead on.

By the time Coulter had recovered from the jolt, Warwick had scored and Nicholson was pegged on third, setting a few minutes later on Doug Kilburn's long fly to centre. When the dust had cleared, Penticton had taken a 4-1 lead in the ball game.

They added two more runs, one in each of the fifth and seventh, and looked to be home free when Bowsfield, who had been sensational, suddenly had trouble finding the plate in the eighth.

REMEMBERED LAST SEASON With the Penticton fans shuddering, remembering last season when one bad inning cost the A's the cup, Bowsfield whiffed Vanderburg but then walked Mathers and Eisenhut, in a row, Mathers scored when catcher Aubrey Powell let the (Continued on Page 6.)

NIMRODS OUT IN FORCE: HUNTING SEASON OPENS

The 1952 hunting season got off to a flying start on Monday as scores of district and visiting sportsmen took advantage of the fine fall weather to go out after deer, elk and grouse.

The deer season on mules only, white-tails being closed in the Okanagan, extends from Monday until November 30. Bag limit is one buck. There is a slim chance the game department will allow some does to be killed before the season concludes.

Season for Blue, Willow and Franklin grouse extends from Monday until October 31. Daily limit is six of one species or eight of all species. Season limit of 30 prevails. Elk hunters must stick to the east side of Okanagan Lake and River only. One bull is allowed each hunter.

Moose, mountain sheep and mountain goats are closed in the South Okanagan.

Grizzly bear actually was the first game to be opened, becoming legal targets September 1. Limit is one, with season extending until June 30.

There is no closed season or bag limit on black and brown bear. The Game Department has withheld announcing open dates for pheasant, quail and partridge until scientific data is compiled. The department has promised to make its decision known by the end of this month.

Ducks, coots and geese in this area open October 18, extending until December 22. Open season for Wilson's Snipe extends from November 22 to December 22.

GAME PLENTIFUL Pre-season reports indicate there will be a good crop of deer again. Hunters last year had one of the finest seasons in a decade.

Grouse also are reported plentiful.

Directors of the Interior Fish and Game Association met in Kelowna Sunday with Game Commissioner James Cunningham of Vancouver to arrive at an overall suggestion for pheasant shooting. The Game Department likely will fall in with any suggestion made by the body.

KELOWNA — Possibility of an exhibition rugby game here between two Vancouver teams was an outcropping of last week's monthly meeting of the Kelowna Athletic Round Table.

Northwest Rowing Championships On Saturday

Vancouver Canucks Here Next Week For Annual Training Camp

Vancouver Canucks players will report to training camp at Penticton September 25 — two weeks before playing their first game of the season at Victoria, October 9.

So far, eight of last year's players will report to camp. They are: forwards Don Smith, Ray Manson, Bill Hagen, Gary Gordon and Ed Leier, and defencemen Hugh Currie, Vic Lovfendahl and Hal Tarala.

Newly acquired are forwards Walt Tinas and Les Hickey and defenceman Harry Dick, a 210-pounder who played last season for Buffalo.

Definitely not reporting are the following last year's players: Bill Hartsburg, property of Cleveland; Joe Carbeth, free agent; Orval Lavell, property of Providence; Goalie Nick Pidsodney, property of Syracuse, and Harry Grovers, owned by Calgary. Ron Plumb, a fine young forward, died this summer at his home in London, Ontario.

Owner Coley Hall, however, emphasized that those listed as not reporting had been asked to training camp and that it was entirely up to them.

Meanwhile, Assistant General Manager Art Chapman has left for the New York Ranger Camp at Guelph.

There he will meet Canucks' new goalie, Ivan Walmsley, who is expected to be farmed out, perhaps to Penticton, where the Vancouver management can keep a close watch on him and where he will be available for emergencies.

While in the east, Chapman will pick up several players, probably including a seasoned goalkeeper.

German Oarswoman Helli Sams Among Contestants: BEG Official To Attend

A record crowd is expected to turn out for one of the province's major aquatic events—the Pacific Northwest Rowing Championships — which will be run off at the 2,000 meter Skaha Lake course here on Saturday.

Included among the 40 to 50 competitors entered in the events of the regatta is the sensational young German oarswoman, Helli Sams, who stroked bow for the Vancouver Rowing Club crew which won the novice fours event at the recent B.C. Rowing Championships.

The best singles and doubles oarsmen and sculling crews in the west — drawn from rowing clubs in Vancouver, Victoria, Nelson, Portland, Kelowna and Penticton — will provide plenty of keen competition in all of seven events of the meet.

Regatta officials have been working on the course for the past few weeks and declare it to be in first rate condition for the rowing championships.

The success of this Saturday's regatta could very well determine the site of the 1954 British Empire Games sculling events.

Colonel Tommy Taylor, a member of the games' facilities committee, will attend the meet, checking the course with a view to staging the empire games events here. Col. Taylor will be representing Colonel W. G. Swan, games facilities committee chairman.

The championships will provide a full day of exciting entertainment for the record crowd anticipated, starting with the heats in the various events at 11 Saturday morning and running through until 6 p.m.

NATURAL GRANDSTAND
Spectators will have a good view of the races from anywhere on the sloped beach — a natural grandstand — all along the 2000 meter course. The events will start behind the CPR wharf at the west end of the beach and the finish line will be in front of Steve Stogre's boathouse at the east end of the long beach.

Events include singles, doubles and fours in the novice, junior and senior classifications and some of the veteran oarsmen entered will make for especially keen competition in the senior events.

One of the highlights of the meet will be the senior doubles in which Miss Sams and Jim Byres will compete.

The regatta will be presided over by the Attorney-General of B.C., R. W. Bonner, who has consented to act as regatta commodore.

BARBECUE PLANNED

The program prepared by the local regatta committee will offer a full day of entertainment for spectators, right from the opening heats Saturday morning and the barbecue at the beach in the afternoon through to the big dance in the evenings at night when the ribbons and trophies will be presented.

Saxles Orchestra will provide the music at the dance which will get underway at 9:30 p.m. and continue until 1 a.m.

Tickets for the dance are \$1.25 each or \$2.50 a couple and entitle the holder to admission to the championships as well as to the dance. Admission charge to the races alone has been set at 50 cents for adults and 25 cents for children.

To avoid congestion roads over which the city has control east of Okanagan River will be closed to through traffic during the regatta, but buses will be allowed to travel their normal routes.

YOUTHFUL NET TEAM CAPTURES ANNESLEY CUP

The Annesley Cup, emblematic of women's doubles supremacy in the Interior, came to rest in the hands of young Coquoy net star Norma Horner and Okanagan Centre ace Joan Van Ackeran, in the tennis championships staged here on the weekend.

The youthful duo went through two days of tough competition at the Skaha Lake tennis courts and dropped only one set in eight matches to win the coveted trophy.

Nine women's doubles teams from all over the Interior participated in the American doubles tournament. Close runners-up for the cup were the Kamloops pair of Mrs. George Carleton and Miss Lorraine Caruthers who also went through the two days of play with the loss of only one set.

Highlight of the meet was the match between Horner and Van Ackeran and the Kamloops duo on Sunday afternoon. Up until this point neither team had dropped a set.

Van Ackeran and Horner captured the first set 6-2, but the steadier Mainline team came back

Local Golfer Wins Second Flight At Championship Meet

Penticton golfers did not come home from the Interior "Ladies" Golf Championships at Revelstoke last week-end completely empty-handed, although the tournament's major event — the championship flight — was won by young Vernon golfer Miss Doreen Hannah.

Penticton's Mrs. Jack Ward took top honors in the second flight and Mrs. W. X. Perkins won the net par points and the hidden hole competition.

Other Penticton golfers to make the trip to the Mainline centre were Mrs. George Arsen, Mrs. W. I. Betts, Mrs. Frank Brodie, Mrs. R. C. Jamieson, Mrs. J. Thom and Mrs. G. Boul, from Oliver.

In two straight games, Vernon Tigers captured the senior B box lacrosse championship of the province, winning 15-13 on Saturday night and 19-11 Monday night from the Victoria Foul Bay team.

to take the final set 6-3, leaving the two teams deadlocked for the trophy.

WON OUT ON GAMES
In the count of games won, however, Van Ackeran and Horner had the edge and were declared winners of the highly successful revival of the net classic.

The trophy was presented to the winners by Mrs. H. G. M. Gardner, of Kelowna, who with a Mrs. Oliver, won the trophy the first time it was up for competition in 1930.

Other teams competing in the meet included Miss Marion Moncrief, of Kamloops, and Miss Joan Green, of Vernon; Miss Molly Beley and Mrs. Gene Homer-Dixon, Vernon; Mrs. Harry Van Ackeran and Miss Ellen Gled, Okanagan Centre; Miss Mickey Bell, Penticton, and Mrs. Perry Darling, Naramata; Miss Valerie Van Ackeran and Miss Joan Motowyle, Okanagan Centre; Miss Sheila Hicks, Penticton, and Miss Wilma Hanson, Oliver; Miss Dorothy McLeod, Summerland, and Mrs. Cecil Ritchie, Oliver.

Leading in the Kiwanis golf tournament are Gene Macdonald, with 73, and Jack Young, 85. Both players received four strokes a hole for each of the 36 holes played. If the two men are still leading Wednesday, September 21, they will play off for the Kiwanis Handicap Cup.

Even your best "Chapeau" is accessible to dust and grime of city streets and public places. Keep it looking its best with cleaning and blocking "the expert way" at Star Cleaners. You'll like the service, the price and the results of the job!

City Football Club Wins Right To Play In Big Four League

The Penticton Junior Football Club has won entry into the coast Big Four loop.

Word of the acceptance of Penticton's application to play in the coast circuit was received in a wire from league officials in Vancouver on Tuesday afternoon.

The local gridiron organization has been trying for the past two seasons to get into this league and even up to last week had been turned down flat, despite the representations of local officials Neil McElroy and Bernie Carey.

The Big Four league executive reversed its decision at an emergency meeting Monday night and wired Penticton the glad tidings on Tuesday.

Qualifying for the league means that the local club will get a chance for a crack at the B.C. title and local fans will see all four of the coast teams in action here this fall. Games, to count as league fixtures, have been arranged with the first contest against the Blue Bombers, loop winners last year, on September 28, with the North Shore Lions here October 5, Merolomas on October 19, and CVO on October 25. All games will be played at King's Park.

IN CONDITION
The local boys are at present working very hard to get themselves into top shape for the coming season. They are practicing at every opportunity with regular workouts scheduled for Tuesdays and Thursdays at 7 p.m. and Sundays at 11 a.m.

The boys are reaching the peak of condition and are starting to work out the plays with which they hope to show the coast teams the wrong end of the score.

The greener lads will be able to gain a lot more confidence this

INSTRUCTRESS APPOINTED BY SKATING CLUB

The Glengarry Figure Skating Club held an organizational meeting for the 1952-53 season last Thursday at which the following officers were elected: president, Ralph Leard; vice-president, Mrs. C. H. Asman; secretary, Mrs. J. Ault; treasurer, H. Andrews; directors, Mrs. H. Cleland, Mrs. F. Brodie, Mrs. L. Grove, Mrs. Armstrong.

Mrs. Don Fleming has been appointed as instructress for the coming season. Mrs. Fleming has plenty of experience behind her, including running a figure skating school in Edmonton last summer.

The club hopes to have a membership of over 100 this year, and in view of the increase in the size of the club, it is hoped to obtain the use of the arena for eight hours a week.

season as the team possesses a good backbone of players with previous experience and the team is fortunate in having a coach with the football background of Bernie Houshika, who at one time played for UCLA.

Outdoors with Cec Brett

This is the time of the year that one of the most unpopular books ever published is the book of the month selection of sportsmen in British Columbia. (In case you don't know where to find British Columbia on the game map, it is that portion of Canada situated and lying in the vicinity of the Okanagan Valley described as follows: commencing at the point of intersection of the 114th meridian and the 49th parallel; thence north-westerly 3,643,420 feet in a zig-zagging line along the crest of the rocky mountains to its intersection with the 120th meridian; thence northerly 2,566,000 feet to the 60th parallel; thence westerly 4,544,000 feet; thence lost in a south-easterly direction.

The booklet is entitled "British Columbia Game Regulations, 1952-53," and the reason it is so unpopular is that few people can understand it. It's a handy little book to have when you are out in the woods and need it, though — you can always find your way back if you leave a piece of it here and there.

The August issue of the Northwest Sportsman gives a comprehensive breakdown of the game regulations. It shows a map of every district with the open seasons and bag-limits under each one. This magazine is available only by subscription but it is worth the two bucks for this issue alone. In March or April it also publishes the fishing regulations in the same manner which is worth another couple of bucks.

May I remind you that if you join the Penticton Fish and Game Club at the first of the year not only do you help the club in its good work but you get a full year's subscription to the Northwest Sportsman, plus indemnity insurance while hunting and fishing, plus a full membership in the club. Think it over.

I have said before in this column that to get the best fishing or the best hunting you have to get off the beaten path. I have said that there is more to fishing than just catching fish; that hardship, aching muscles, bacon and eggs and beans around a camp-fire and companionship were all part of the sport. I even quoted, part of a poem I had read when I was a young lad;

A bed in the bush with stars to see
And bread to dip in the river.

That's the life for a man like me
That's the life forever.

If anybody knows the full poem and who wrote it I would like to hear from them.

I have just got back from the kind of a trip I was talking about and I am writing this with mixed emotions and aching muscles. Maybe I should have just gone up Munson's mountain and built a camp-fire for a couple of nights.

Five of us left Saturday morning for Bouleau Lake; Avery King, Emile Butlet, Dr. David Boyd, Barney De Bustin, of Prince George, and myself. I will try to describe where this lake is. (It is pronounced Beulah.) Starting from a point in the 300 block on the east side of main street in Penticton; thence northerly for 227,200 feet to a whistle-stop on the east side of Lake Okanagan; thence northerly to Vernon; thence to Falkland; thence to Westwood; thence by jeep southerly and almost straight up for several thousand feet; thence by two feet for about six miles.

These lakes (there are two of them close together) are being developed by Val and Joe Pringle, of Westwood, who guided us on the trip in. The boys have done a lot of work on the road, but there is still plenty to do. The last four miles is all through windfall and the going is tough. They plan to take five boats in this winter on the snow and by next summer will have the trail cleared and the jeep road much closer.

We made camp about two miles from the lakes just before it got dark on us. There were two pack-horses and that was as far as they could go. Sunday we fished little Bouleau for about four hours and caught 26 fish averaging a pound-and-a-half. We had to leave early just when the big ones were starting to bite so as to get back to camp by dark. Dave Boyd was high man with his limit of 12 averaging one-and-a-half pounds apiece. Avery King was next with nine including the largest one of the day, a three pounder. I caught five and felt very happy about them. The lake was riled up after a storm so fly-fishing was off. Except for three caught by Dave on the fly they were all taken on flat-fish. Barney wouldn't use any thing but flies so was out of luck.

There is a lot more to tell about the trip but it will have to be in two installments. Already I have been nearly as long-winded as some of the other writers on this page and you must be getting bored.

Goodnight with a special wish for those readers who have never read the game regulations. They will think I'm cracked.

OSAHL May Utilize NHL Referee System

The National Hockey League system of a referee with two linesmen is being given strong consideration for the 1952-53 Okanagan Senior Amateur Hockey League season.

At a special league executive meeting at Vernon on Sunday that ratified the schedule, Claude Small of Vernon was reappointed referee-in-chief. It is understood Small and many of the executive are in favor of the trying out of the NHL system.

In former years the league used one referee and one linesman but during the past two seasons the policy has been to have two referees, both with as much ranking but the two deciding before game time who would have the final say in case of dispute.

If the plan goes through then Bill Neilson of Vernon will be one of the referees. The second still is undecided. Linesmen, who will get less money than the arbiters, will be selected in each of the four cities. The experience the linesmen gain will be useful if they schedule referees.

Only two changes were made to the schedule as drafted a short time ago. One of them affects a Penticton home game, the other a Kelowna home game.

The fully approved schedule, which can only be changed now in cases of emergency and with the full consent of the league executive, will be published in The Herald on October 1.

Times of home games also were approved Sunday. Kelowna's games will be at 8:00 p.m. during the week and at 9:00 p.m. Saturdays. This is the same as last year.

Vernon's games will begin at 8:30 week nights and at 9:00 on Saturdays.

At Kamloops all games will begin at 8:30 p.m. At Penticton all games start at 8:00 p.m.

Other decisions at the meeting were to write a letter to the Canadian Amateur Hockey Association

giving it a pat on the back for coming out early with definite playoff arrangements and to confirm an earlier resolution that in the event a Coast team enters the Savage Cup hunt, it will have to play the Kootenay winners in the B.C. semi-final.

League moguls have taken the stand that this is the OSAHL's year to get a bye (if necessary) into the Savage Cup final and that the final for the cup be staged in Okanagan terrain.

Champions

(Continued from Page 4)

third strike on Bill Sibson get away from him.

Red Coulter followed with a single, scoring Eisenhut, and Sibson crossed the plate when the throw in from the outfield was miles wide of the plate.

Edwards, who had been frantically warming up for the final three batters, called time, but after a hurried conference decided to let Ted try to weather the storm.

Bowfield justified Edwards' faith in him, retiring Fritz on a ground ball back to the mound and then coming back with a great display in the ninth to retire Coy, Thompson and Vandenburg in a row via the strike-out route.

In "fashioning" his "two-hitter," Bowfield had 17 strikeouts to his credit and walked only four to wind up a great season. Opposing him, Mathers whiffed 12 and walked one.

RUSSELL SPARKLING

Brightest star at the plate was the A's centerfielder, Bud Russell, who has sparked his team at the bat all the way down the play-off trail. Russell collected three of the A's seven hits and came up with a clutch triple up against the right field wall to score Collins in the fifth.

Lanky Martino and dependable backstop Red Coulter were the only two Elks to get to Bowfield.

Noteworthy in the crucial contest which had both players and fans on edge throughout was the lack of the "usual" howls about calls. Both Jack Kineaid behind the plate and Oliver's Oreskovich on the bases did a competent job, leaving little room for dispute.

Sports Chatter

By E. J. (DAD) PALMER

GOLF
The big events last week were the finals for the club championship and the first flight handicap. The first went to Maurice Schull who took Art Marlow six and five over the 36 hole course.

On Saturday afternoon's first nine Art's putter just refused to behave and he lost four valuable holes he was never able to pick up.

However, with that lead in hand, Maurice played a very steady and confident game all the way through, always seemed to be in control of things and well deserved his new title of champion. After that first bad nine Art settled down to a real good, golf and just about

held Maurice even for the remainder of the game, but the damage had already been done.

In the other event Peterson took George Drossos over the 18 holes. George tells me he also was suffering from putter trouble, in the early stages of his match and getting into a couple of bunkers didn't help matters any for him. So there you are, folks, that just about winds up another season for the men as far as competitions and matches are concerned, but it does not mean that there still won't be lots of golf played on that little old course.

There will be — and this weather is just as ideal as you could wish for — also the course and the greens are in excellent condition just now, and are a distinct credit to our faithful green keeper and caretaker, Henry Schmeltzer.

LADIES' GOLF

First to correct an error in last week's issue — which said Mrs. Durnett won the Chart Nicholl cup — it should have been Miss Esther Cooper — she shot a 55, which is nice going for the nine. Our captain, Mrs. Arsen, was away out of town. When she got back she started assembling the golf news and was given the wrong information, as above, handed it on to me for my column, and so it got into the paper. Sorry, girls.

Last Thursday Mrs. Ritchie won the Tombstone (what a name!!!) event, reducing her handicap from 24 to 16.

And Eileen Lawson took the beginners' end of that affair. Eight of our ladies — all married — made the trip to Revelstoke for the Interior championships and I'll bet their husbands were darned glad to see them all safe home again, if only to get a well-cooked meal and to help them wash and dry those dishes. I've been all through it myself, boys, so I know what I'm talking about.

Mrs. Boulton, from Oliver, joined our girls at the last moment to round out the eight, and to take the place of Mrs. Zella Latimer, who unfortunately was unable to make the trip, owing to the loss of her mother. I'm sure she has the sympathy of us all.

Mrs. Ward, a 24 handicapper, took the second flight, beating out a 15 handicap player, and Mrs. Perkins won the net par point and the hidden hole — so the pilgrimage had its compensations. And next year, that interior championship is going to be staged here — with Oliver and Penticton acting together as hosts and sponsors. That's nice going and good news.

ROWING

I hope the public will support, in large numbers, the Regatta our boys are putting on next Saturday at Skaha Lake. It is a grand sports — one of the best — and the kids deserve our backing. And there are a lot of crews coming, Kelowna, Nelson, Portland, Seattle, Victoria and our local fellows. Looks like a good day's sport.

And while on this subject, and the 1954 British Empire rowing events, it seemed to me a very cheap move on the part of our council to turn down, for a mere \$250 outlay, the chance to have those events staged at Skaha Lake. Three of our members — and three I figure would support it — did so. They have sporting blood in their veins. I'm not saying the other four who voted against it haven't sporting blood too, nor do I blame them for being careful with the city's money, but here was something for a very small outlay which could put our city of Penticton right on the map of the world (just as those recent sports did for Helsinki). Why, we might even get behind the Iron Curtain and get a plug from "Pravda" — the mouthpiece of Moscow!

The point is this — that same council can, and will, spend the money of the ratepayers on such affairs as sending a delegate or two to a mayors' convention, a fire chiefs' convention, or a meeting of the police chiefs — at the city's expense. And does it get us any great benefit to do so? But get tourists coming here to spend their money, by staging an affair like the British Empire rowing games and you have something that will pay off in dollars and cents.

Gentlemen, you are just being a little too careful in the wrong direction. That's my personal opinion, for what it's worth.

BASEBALL

What a crowd and what a swell

wind-up. A grand game to watch and made plenty exciting by the good rally Oliver put on in the eighth. And for fun and a laugh we had "The Battle of the Bootlaces" thrown in for good measure by Ted Bowsfield and Sibson of Oliver.

I thought Ted used his head by pulling that old stunt that works in most games when a fellow needs a minute or two to pull himself together. I've seen it work in hockey, rugby and golf, so why not baseball — and the Oliver boys, in pulling it, showed a ready wit on his part. It was a bit of all right.

Ted came through well and helped his own cause with that nice Texas leaguer in the seventh and which Bud Russell duplicated moments later, but the hit that stood out was Ritchie Snyder's home run in the fourth that just about won the ball game. And Ritchie was playing with a cracked rib at that — but wouldn't stay out of the game.

In the dressing room, after the game, I asked him about that rib and he said he guessed it was still cracked — just like that!!! This column wants to say to Les Edwards and all his boys that you have done a grand job, all of you, it has been a pleasure to go down night after night, and watch you perform. You deserve your win and the right hold that very handsome trophy from CKOK.

HEAP BIG HIT!!!

And the game between our Canucks and Kelowna Juniors was good too. In fact we saw a feat pulled in it that I don't think was pulled by the seniors — a mighty homer by Bill Williams of Kelowna that went over the right field fence and spoiled a shutout for our pitcher Larry Jordan.

FOOTBALL

This time of year — the sound of that old piskin being booted around in King's Park makes my blood tingle — and the old desire still lives in me to get out there and have yet another fling at that grand old game.

HOCKEY

Now, let's see you young fellows come through and bring yet another championship to Penticton. Good luck to you, boys.

Better Brand Of Hockey For City Commerk Loop

A faster, brighter, better brand of hockey is in the cards for the commercial hockey league this year if the ideas, now being mulled over by the league executive, get the nod from the loop members next Thursday when the first workouts of the season will be held.

Alan S. Bella, president of the commerck league, reports that, providing the general assembly Thursday gives its blessing, only four teams will take the ice this year instead of the quintette of last year.

The high school won't enter a team this year, but there's nothing to stop the students from playing if they make the grade.

Object of four teams is to have more players per team — probably 18 instead of 15.

Last year the number of players gradually diminished until some lines were physically handicapped by the shortage of replacements. If the executive's idea of four teams is adopted the chances of being weak teams will be considerably lessened. However, the executive's ideas will depend on the number of men who show up Thursday with their two dollar membership fee, their application forms and skates and sticks.

FIRST PRACTICE

Practice will start at 7 and continue until 10 with the general meeting sandwiched between practice sessions. Summerland men are asked to take particular note of the times.

The executive, which comprises Clare Baker, vice-president; secretary Chuck Blacklock and directors Grant Bamford and Jim Heavyside, in addition to Mr. Bella, is looking for referees as well as players and coaches.

Referees and timekeepers will have to be found and so far no one, can get all the bills in, and let us know how we stand. From all accounts, we didn't make out too bad, and everyone seems satisfied.

Best sellers are books most frequently purchased and not necessarily the best books written.

WHEN ONLY The Finest WILL DO

Harwood's CANADIAN RYE
Canada's Finest

SHAMROCKS WIN PENNANT
Victoria Shamrocks last week clinched the Inter-City Lacrosse League pennant.

with the exception of Scotty Gordon, who will act as timekeeper, has volunteered his services.

Another plan the executive is toying with is the changing of names from the rather prosaic monikers which were affixed to the teams last year to something a little more flashy.

The moguls don't think there's enough pep to those names — and again if the general assembly approves — more glamorous John Henrys will be chosen. But in this regard suggestions are being sought from anyone interested enough to think of a snappy sounding name or two.

New names won't, however, mean that the city businessmen who shelled out for the shirts and socks will lose by it. The same uniforms, which bear the merchant's names, will still be used.

CHEESE CORNMEAL FINGERS

Mix and sift into bowl, 1 1/2 c. once-sifted pastry flour (or 1 1/2 c. once-sifted hard-wheat flour), 3 (spn) Magic Baking Powder, 3/4 tsp. salt. Cut in finely 3 lbs. chilled shortening and mix in 3/4 c. yellow cornmeal, 1/4 c. shredded cheese and 2 lbs. chopped parsley. Make a well in centre, pour in 3/4 c. milk and mix lightly with a fork. Knead for 10 seconds on a lightly-floured board and roll out to 3/4" thick rectangle; cut into 12 fingers and arrange, slightly apart, on greased baking sheet. Bake in hot oven, 425°, about 15 mins. Serve hot with butter or margarine. Yield—1 dozen fingers.

Salmon Must Not Be Taken From Okanagan River

Recent amendments to the special fishery regulations of British Columbia, made by Order-in-Council, directly affect the Pentiction area. Effective as of July 22 this year, only Indians with permits may take salmon from the Okanagan River.

The regulations name chum, pink, and sockeye salmon as prohibited to anglers. Only in the recent past have biologists recognized the fact that sockeye can be taken by rod and line.

It is estimated that between 15,000 and 20,000 sockeye run in the Okanagan River each year.

The new subsection concerning the fish reads as follows:

No one, excepting an Indian permitted under subsection two of section ten of these regulations, shall fish for, catch or kill a sockeye, pink, or chum salmon, by any means in the non-tidal waters of the province, any one, save as excepted, taking such fish, shall return it to the water immediately, and, if possible, uninjured.

MINOR HOCKEY ASSOCIATION FORMED HERE

The nucleus of a local minor hockey association was formed at the Memorial arena on Monday night when representatives of the various city service organizations met to discuss plans for the young pucksters this season.

In addition to the four team bantam league which had an excellent opening season last year, the association hopes to organize a four team midjet loop.

The bantam squads were sponsored by the city Lions, Gyro, Kinsmen and Kiwanis clubs last season and ended up well on the right side of the ledger.

The Rotary, Eagles, IOOF, Legion and Elks have all expressed their willingness to assist in financing a midjet league, when one is formed.

All local youngsters between the ages of 10 and 16 who want to play hockey this year are requested to register at the Armories next Friday, September 26, at 7:30 p.m.

At this time a movie entitled "Hockey Cavalcade," showing the fundamentals of the sport will be shown free of charge and it is also hoped that Art Chapman, manager of the Vancouver Canucks, will be on hand to offer a few words of advice to the young pucksters.

Any person willing to act in a coaching capacity in either of the two minor leagues, is asked to attend this meeting next Friday, or, if he is unable to attend, to contact either Bill Lemm or Art Fisher.

Commercial Loop Bowling Starts On September 29

With the changing seasons, planning and organization of fall and winter sports activity gains momentum. The alley bowling enthusiasts are no exception and this week they got rolling on plans for commercial league competition.

The local Commercial Five Pin Club met on Monday night and the executive, which is headed by Phil Wiseman, decided that play in the men's and women's commercial leagues would get underway on Monday, September 29.

Last year the club boasted a membership of over 400, and the executive hopes that that number will be increased this season. Deadline for entries in both the men's and women's commercial league is midnight, September 25.

The commercial leagues will take over the alleys on Monday, Wednesday and Thursday nights.

The executive, which was elected at the winter banquet last year, is as follows: president, Mr. Wiseman; vice-president, Harold Hunter; secretary-treasurer, Ed Johnston; men's executive, Dr. Jack Stapleton, Wilf. Sutherland, Art Malkinson, Perry Kinkade and Cyril Lines; women's executive, Mrs. Ruth Osborne, Mrs. N. J. Lechore, Mrs. Perry Kinkade, Mrs. Gladys Cook and Mrs. C. E. Roney.

Request from the Pentiction Pythian Sisters to hold a tag day to raise funds for the group's cerebral palsy fund, tabled from last week, was granted by council Monday on the condition that the tag day is not held within 21 days of the Canadian Legion's Poppy Day, November 8.

Tuesday, Hockey Night In Vernon

VERNON—Starting at eight p.m. Tuesday, October 14, history's most exciting winter sport will get its interior debut for '52 in the Vernon Civic Arena. Although there is a game in Pentiction on the same night, Vernon fans will hear the first whistle blow because the Pentiction game doesn't get under way until a half hour after Vernon starts.

Saturday night will see nine of the scheduled 27 games played in the arena. Tuesday is the biggest night, with 16 contests slated and Wednesday and Thursday will get one each. But it is too early yet to

The Women's World

Needlecraft News

by Pauline Roy

THE FIRST STEP TO your fall and winter wardrobe is a new hat. It is a "must" if you want to look up-to-date and smart. Because the season is short, and perhaps you do not want to invest too much money on this early fall hat, why not make it yourself? Many patterns are available for home millinery, and by taking care to check your own measurements carefully with those of your pattern, you should be able to emerge with a stunning, professional looking hat that will win admiration from all who see it. Another advantage for making your own is that you can have many more hats including just the right one for each costume.

Other Accessories to Make

Handbags and muffs are also easy to make from your own choice of materials. Velvet, broadcloth, wool jersey and suede finished materials are popular for hat and bag sets to match. Last year's suit can be transformed completely with a brand new set of bright, smart accessories. Your suit can go to parties if you choose a dressy material, such as velvet, satin, fur or fur fabric for your accessories. Or, wear the same suit to the football games and team it with matching accessories made from a gay tartan, velveteen, corduroy or suede and you'll have achieved just the right effect. You can colorify or suede and you'll have achieved just the right effect. You can colorify or suede and you'll have achieved just the right effect. You can colorify or suede and you'll have achieved just the right effect.

Hat and Muff to Match

Velveteen is the material chosen for the fetching beret and muff set pictured above. For a bright effect choose a brilliant blue, green or red or, if you prefer, a dramatic black. The hat pattern is in two pieces, lining and felt stiffening are also used. Padding plumps out the muff which adds warmth and a handy zipper pocket is designed for your valuables. If you would like to have a leaflet containing directions for making the **BERT AND MUFF SET**, send a stamped, self-addressed envelope to the Needlework Department of this paper requesting Leaflet No. SS-64.

Mend When You Take Out Fall And Winter Clothes

Many More Salad Days Left Says Famous Chef

There are still plenty of salad days left before cool weather inspires the appearance of hotter, heavier food. Avocado makes an excellent base for light, cool and attractive salads as suggested by Alfred Petersen, chef of the Cunard liner Queen Mary. These are horseshoe salad and avocado and crab meat salad, both of which can be prepared in a matter of minutes.

HORSOSHOE SALAD

Avocado pear halves studded about the rims with small pieces of truffle. Fill with grapefruit and orange sections, seedless raisins and serve with French dressing.

AVOCADO AND CRAB MEAT SALAD

Avocado pear halves filled with flaked crab meat. Serve on bed of lettuce with Russian dressing.

RUSSIAN DRESSING

Yolk of one egg, 1/2 cup of olive oil, lemon juice to taste, vinegar, chili sauce, piccalilli, scraped onion and 1/2 chopped green pepper.

The most elaborate looking desserts are often the easiest to prepare. Here is one contributed by Sidney Parker, chief confectioner in the Cunard liner Queen Mary, which was inspired by the United Nations and a bowl of fresh strawberries. The UN had just assembled at Lake Success when Mr. Parker was asked to prepare desserts for a special luncheon being held in the Queen Mary while she was in port at New York. As Mr. Parker put it, "I had some nice fresh strawberries and the rest just naturally followed." The result: Coupe Lake Success. The method: 1 pint of fresh strawberries soaked in Curacao topped by 1 quart of vanilla ice cream. Cover with meringue and flash in a blazing hot oven until meringue is golden brown.

Dishwashing will be a great deal simpler for you if you choose sturdy glass tableware. Its non-porous construction washes quickly and easily in hot soapsuds.

Any day now is a good one for putting away summer clothes and getting out fall and winter things. It is the time to examine clothes carefully. Both those to be stored away and the ones about to be worn. Now is the moment for washing, sending to the cleaners, and mending.

Mending can be a cheerful rather than a depressing time, if you brush up on your mending skill. Doing your mending on the sewing machine reduces effort and is a time saver. Use the sewing machine darning attachment, available in sewing centers. It is surprising how many kinds of tears, holes, or worn spots can be mended almost invisibly by machine after you have had a few pointers from experienced sewing center experts. You will find more clothes worth mending than discarding when you know how to do it.

You may have had the misfortune to have got one of those nasty three-cornered tears in a nice new cotton tweed. Either one of your own or one of the children's. This sort of tear is a youngster's favorite. It is so easily acquired by squeezing past a door or table leg in a crowded holiday place.

You are lucky, if it is tweed or printed cotton. Machine darning stitches won't show hardly at all. A fine machine needle is best for fine mending. And if the pattern is two-toned, use the dominating tone in your needle thread, and the secondary tone in the bobbin. Use the flat darning with the special feed cover plate. Then attach the darning foot. Smooth the edges of the tear toward each other and stitch back and forth across the edges, running a little over the ends of the tear and cross-stitching at the corner for reinforcement. If the fabric hasn't much body, baste some paper to the wrong side and remove it when you are finished.

For darning fall woollens, the inserted patch eliminates bulk, particularly if the hole is large. The inserted patch fits the hole exactly and does not lap over on the under side. Square the hole to be mended by trimming off all ragged edges. Cut a patch carefully to fit exactly, and put it in place with the grain of the patch running the same way as the grain of the fabric. Add a square of cheesecloth, basted to the underside, about one inch larger than the hole, all around. Then darn by machine on the right side. Run your machine slowly to be certain your darning lines end evenly.

The regarding aspect of mending is that you will discover your few hours' work has cut down on the number of new clothes you must buy.

APPLE CHUTNEY

12 apples (12 cups chopped)
2 cups cider vinegar
1 cup raisins
1 tablespoon salt
1 teaspoon ground ginger
1 teaspoon cinnamon
1 large onion
4 stalks celery (3 cups chopped)
2 cups sugar
1 1/2 cups vinegar
1/2 teaspoon pepper
1/8 teaspoon ground cloves
Wash, quarter and core, but do not peel apples. Chop apples, onion, celery and raisins. Add vinegar and pepper. Cook slowly about 1 hour, stirring often. Add other ingredients. Cook until very thick. Seal in sterilized jars. Yield, about 2 1/2 pints.

Food will cook as quickly in gently boiling water as in rapidly boiling water.

P-TA News

Informality was the key-note of the Penticton P-TA meeting last Thursday. A breeze of fresh enthusiasm blew through this, the first meeting of the 1952-53 season. The meeting opened with the singing of "O Canada," after which the president, Mrs. Margaret Martin, welcomed the special guests of the evening—the teachers, the ladies among them being presented with attractive corsages, and the parents of grade one pupils.

The teachers were then introduced to the parents—the high school teachers by H. D. Pritchard, high school principal, and the elementary school teachers by elementary principal P. P. O'Connell. A special welcome was accorded the one exchange teacher of the year, W. Wolfenden, of Rochdale, Lancashire, England.

The short business meeting got underway with the reading of the minutes of the last meeting.

K. McKenzie read the treasurer's report; Mrs. Della Volden reported on the lunch fund, which supplies lunch tickets at the school cafeteria to needy children, and Mrs. Elsie Barritt read a letter from the organizers of the arthritic campaign.

BORDER CONFERENCE

Information on the annual Border Conference, to be held on Saturday, October 4, at Okanagan, Washington, was given by Mrs. George Gay, the Canadian representative on the planning committee. It was resolved to send delegates from Penticton to the Border Conference.

Mrs. Martin concluded this section of the meeting with an interesting talk on the reasons for the current membership drive. She pointed out that many P-TA ideals can be realized by people working in a group, quoting as an example the new home economics section at the University of British Columbia, which is the culmination of the efforts of the P-TA, backed by the Women's Institutes.

We attend P-TA meetings, continued the president, because we want to make sure that we, as parents or as teachers, are doing the best we can for the children. The parents desire to gain knowledge of the methods of instruction in our schools, and to take part in group discussions on suggestions for possible improvements.

MIDDLE ROAD

Group activity offers a basis for understanding, tolerance, getting to know each other, and smoothing out differences of opinion. "There is a middle road," Mrs. Martin reminded the gathering, "where we can all travel together."

Business concluded, the social part of the evening began with a sing-song, led with infectious gusto by George Gay, followed by a "questionnaire" in which an ulterior motive was detected as everyone present divulged his hobbies, inter-

The Recipe Corner

APPLE BUTTERSCOTCH SAUCE

1/2 cup butter
1/2 cup brown sugar
3 tablepoons cornstarch
Pinch of salt
1 cup apple juice
1 cup water
Melt butter. Blend in sugar, cornstarch and salt. Cook until mixture is slightly browned. Add apple juice and water and cook, stirring constantly, until sauce thickens. Cook 5 minutes. Yield: about 1 1/2 cups sauce. Serve with steamed fruit puddings or hot gingerbread.

With depreciated currency, American tourists in England enjoy bargains.

Refreshments were served by hospitality convener, Mrs. J. Churchland, and her helpers, and teachers and parents enjoyed the opportunity to get to know one another and to discuss points of interest over coffee cups.

The meeting was generally felt to provide a good beginning to the season. The next meeting will be held in October.

Mrs. Wes McKnight Puts on Blue Bonnet For all Events

Mrs. Wes McKnight, wife of the well-known Canadian sportsman, says, "Deluxe Blue Bonnet Margarine is always my choice for formal affairs as well as for everyday use." You, too, will love De Luxe Blue Bonnet's fresh, sunny-sweet flavor — just as delicious when melting-hot as when fresh from the refrigerator. You'll be delighted with the nutritiousness of this fine quality all vegetable margarine. And it's so handy — each golden-yellow quarter pound is individually wrapped in pure aluminum foil with an inner parchment lining. Just unwrap what you need and serve. Be sure to get De Luxe Blue Bonnet, and you'll get De Luxe quality.

CANNED FOODS

Tender OATMEAL ROLLS

They "pan out" perfectly with new Fast DRY Yeast!

● No more yeast worries! No more yeast that stales and weakens! New Fleischmann's Fast Rising Dry Yeast keeps FULL STRENGTH all you use it — FAST ACTING when you use it! Needs no refrigeration — get a month's supply and keep in your cupboard!

OATMEAL ROLLS

● Stirring, constantly, quickly pour 1 c. boiling water into 3/4 c. oatmeal. Scald 3/4 c. milk, 2 tbs. granulated sugar, 1 1/2 tps. salt, 2 tbs. molasses and 3 tbs. shortening; cool to lukewarm. Meanwhile, measure into a large bowl 1/2 c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well.

Mix in oatmeal, then lukewarm milk mixture. Stir in 2 c. once-sifted bread flour; beat smooth. Work in 2 1/2 c. (about) once-sifted bread flour. Knead on lightly-floured board until smooth and elastic. Place in greased bowl and grease top of dough. Cover and set in a warm place, free from draft. Let rise until doubled in bulk. Punch down dough and turn out on board sprinkled with oatmeal; cut into 2 equal portions and cut each portion into 16 pieces. Knead into smooth balls and arrange in 2 greased 8" square cake pans. Grease tops. Cover and let rise until doubled in bulk. Bake in moderately hot oven, 375°, about 30 minutes. Yield — 32 small rolls.

It's new!

You're so right... when you choose Purex!

First Shipments Of McIntosh This Week

KELOWNA — First shipment of McIntosh apples will be released to fresh fruit markets the latter part of this week and for the first time B.C. Tree Fruits will introduce to consumers a new half-bushel corrugated container.

The container holds approximately 24 pounds of apples and the hand holes on the end of the

package make it easy for the purchaser to handle. Demand for the tray pack is increasing, particularly in the U.S. Around 300,000 Macs will be packed in this new type of container in the Okanagan and Creston areas. In addition around 600,000 Macs will be packed in junior containers. This type of box is a favorite among small families.

The "gutters" of a book are the inside margins of pages where they are bound together.

Where do your children bank?

Many of our customers are youngsters—thrifty-minded and conscientious—who visit BNS branch offices regularly to make savings deposits. We've always tried to make a special effort to serve these young Canadians who are investing in their own and Canada's future.

When your children start saving with BNS, it's the beginning of a lifetime partnership. And you will be surprised at how quickly this partnership grows. Not only does regular saving lead to a secure future, but the simple banking principles learned are also of value.

Next time you visit the bank, bring the young members of your family with you. Our staff will be glad to greet them and help them start a savings account.

Your BNS Manager is a good man to know. In Penticton he is A. G. Schell.

Mrs. Agnes Cooper, president of the North Vancouver New Era League, was in Penticton to arouse interest in the formation of a provincial league. . . . F. B. White, member of the local staff of the Dominion Express

Company, was appointed assistant municipal clerk. . . . **Forty Years Ago — 1912** Penticton lumber company shipped over 8000 boxes to Vernon. . . . Contracts were let by Holden & Kelly for a complete cold storage plant at a total cost of over \$12,000 to the Triumph Ice Machine Company of Cincinnati, Ohio. . . . Dr. McKenney, special commissioner of the Indian Department at Ottawa, was in Penticton to hold an inquiry in respect to the Indian reservation lands. He spoke especially on the need for Indian schools. . . . Grading on the ten-mile section of the Kettle Valley line between Penticton and Naramata was commenced. . . . A. St. G. Hammerley, member of the parliament for Woodstock, Oxfordshire, England, was impressed by the intense loyalty and goodwill between the workers and their employers in Penticton, especially in the cannery and the packinghouses. Coyotes in the Okanagan Falls district were numerous and were becoming a menace to the poultry yards. . . . Seven miles of government telegraph lines were laid north from Summerland. . . . Baron and Baroness Trissing of Berlin, Germany, were in Penticton while on a tour of B.C. . . . Showing at the Dreamland Moving Picture House were "Battle of Two Palms" and "East Lynne". . . . At the 7th annual WCTU convention for the Okanagan Valley, Dr. Ernest Hall, FRG Edinburgh of Vancouver, delivered a lecture on the white slave traffic. . . . The first automobile was unloaded at Okanagan landing.

Kelowna Kinsmen Make Profit On Regatta Midway

KELOWNA — Kelowna Kinsmen Club made a net profit of \$3,238.80 on the operation of the midway at Kelowna's International Regatta, according to Johnny Gowans, manager of Kinsmen midway concessions.

A cheque for \$1,457.46 was turned over to the Regatta committee. This was the largest amount the Regatta has received from midway concessions for a number of years. The midway was operated solely by Kinsmen, with no expense whatsoever to the Regatta.

Balance of the \$3,238.80—a total of \$1,781.35—was retained by the Kinsmen Club. However, ten per cent of this amount is earmarked for operation of the club, and \$1,603.21 was turned over to Kinsmen charity fund.

Some of this money will be used for furnishing the children's ward at the hospital. This ward is rapidly nearing completion, and all equipment has been purchased by the Kinsmen.

Other major Kins projects are the development of the Steathcona Park, and the Memorial Room in the Arena.

It is wise to make the doctor's acquaintance before illness strikes. Even the healthiest people should have regular checkups by a doctor who will then be familiar with the patient's medical history in case of emergency.

Every child should have a special place in which to keep his own property. Most youngsters have treasures which may seem rubbish to the rest of the family but are important to them. The child should not be forced to share his belongings with others if he does not wish to—he will learn to share as he grows older, by good family example.

SPECIAL ANNOUNCEMENT

FOR PERSONS IN ARREARS OF
PREMIUM PAYMENT
OR PERSONS
NOT REGISTERED WITH B.C.H.I.S.

SUSPENSION OF ARREARS — Effective September 9, 1952, all
premium arrears for the years, 1949, 1950 and 1951 will be suspended.
Persons who are delinquent or who have never registered, can re-es-
tablish themselves with the Service by paying the current year's pre-
mium (see rates below). They will become eligible for full Hospital
Insurance benefits fourteen days after making their payment. Persons
whose financial circumstances have prevented them from paying their
arrears will not be asked to do so. Persons who can well afford to
pay their arrears will be required to do so.

The current year's premium for persons with one or more de-
pendents is \$40.50, made up of \$21.00 for the period from January
1/52 to June 30/52, and \$19.50 for the period from July 1/52 to De-
cember 31/52 (this includes the recently-announced premium reduc-
tion), which totals \$40.50 for the full year's premium. A single per-
son's premium would amount to \$28.50 for the year 1952.

Persons taking advantage of this arrears suspension to re-es-
tablish themselves should attach to their cheque their last billing notice,
or quote their registration number. If they have never registered
before, the Service should be so advised.

Special instructions will be issued immediately to all employers
regarding the suspension of arrears for registrants making premium
payment through payroll deduction.

THE B.C. HOSPITAL INSURANCE SERVICE

HON. ERIC MARTIN,
Minister

L. F. DETWILLER,
Commissioner

FROM BAGOTVILLE, QUE., a squadron of RCAF jet
planes has flown to Toronto to demonstrate high-speed
formation flying at the Canadian National Exhibition. The
squadron is joining naval aircraft from Dartmouth, N.S.,
paratroopers, artillery and tanks to put on a display of all
branches of the Canadian armed services.

Railway Freight Rate Concessions Sought For Soft Fruit Shipments

(Editor's note: This is one in
a series of articles dealing with rep-
resentations made by B.C. Tree
Fruits to obtain an adjustment of
rates on soft fruit shipments to
prairie and other markets.)

Truck competition seems to be
the only method to force the Cana-
dian railways to reduce transpor-
tation tariffs on various commodi-
ties.

Officials of B.C. Tree Fruits Ltd.,
who have been fighting for freight
rate concessions on soft fruit ship-
ments for more than two years, re-
cently threw up their hands in dis-
gust last week when they learned
that the rail systems had slashed
by 20 percent transportation rates
for autos moving westward to meet
increasing truck competition. Not
that they blamed the automotive in-
dustry going after the reduction,
but they would like to have seen
some concession granted the fruit
industry as well.

Faced with a record soft fruit
crop, Okanagan Valley producers
are unable to compete with Onta-
rio and American produce on the
Western Canada market. And inso-
far as the Toronto and Montreal
fresh fruit sales are concerned,
there just haven't been any this
year. Reason, of course, is that
American apples and peaches
reach Eastern Canada via Canadian
railways at a rate of \$2.17 per
hundred pounds, while Okanagan ap-
ples and peaches must pay \$2.66.
And insofar as the Winnipeg mar-
ket is concerned, there is a spread
of 54 cents per hundred pounds be-
tween the Okanagan and Ontario.
Peaches from Ontario to Winnipeg

take a rate of \$2.12 per hundred
pounds, while from Okanagan, the
rate is \$2.66. And the mileage be-
tween the two points is just about
equal.

SERIES OF CONCESSIONS

Reduction of freight rates on au-
tomobiles is another in a series of
concessions the railways have
granted several industries.

Recently sharp adjustments in
rates on petroleum products be-
tween stations on the prairies were
granted. These adjustments were
forced by the threat of oil com-
panies to build up a system of truck
transportation.

And a few days before railways
cut the freight rates on transpor-
tation of automobiles, rail officials
announced a reduction of perish-
able foodstuffs such as butter and
dressed poultry from the prairies
to Ontario and movement of mar-
garine from Ontario to the prair-
ies.

The 1952 peach crop is estimated
at 1,377,000 crates, compared with
approximately 1,000,000 last year.
The '52 apricot yield will show an
increase of around 700 percent over
last year's figure.

Faced with the tremendous in-
crease in soft fruit production, B.C.
Tree Fruits a few weeks ago de-
cided to send a few experimental
shipments via refrigerated truck to
the western markets. A coast
trucking company which has a fleet
of seven refrigerated vehicles, en-
gaged to take 1,150 crates to Re-
gina. Surprisingly, the shipment
arrived 48 hours faster than rail
service. Last week another trial
shipment was sent to Edmonton
and the trip took less than 27
hours.

Temperature in the truck
trailer was under 40 degrees, and
the fruit arrived in excellent con-
dition. Another shipment was
scheduled for Edmonton last Wed-
nesday.

RETURN WITH A "PAY LOAD"

The trucking service is being op-
erated by Refrigerated Express
Lines Ltd., of Vancouver, and the
trucks are capable of carrying an
amount equal to a railroad car.

In the past there has been a feel-
ing that in order to make the sur-
viving back goods destined for
the Okanagan or the Vancouver
market.

Tree Fruit officials estimate that
approximately 75 percent of soft
fruit shipments to the Vancouver
market are going via truck over
the Hope-Princeton highway. One
official stated that there are not
sufficient trucks to handle the vol-
ume. Approximately 12 trucks
were being loaded per day during
peak market periods.

What the railways actually did
in lowering freight rates on au-
tomobiles moving westward, was re-
ducing the status of cars from a
Class 1 commodity to Class 2, which
means they automatically travel at
a lower tariff. At the same time
the Class 2 charge for autos has
been further reduced to become a
"competitive rate" which, under
the law, the railways can adopt to
meet road competition. The total
reduction was 20 percent. As a re-
sult dealers will make these sav-
ings in moving popular make cars
from Ontario plants to Western
cities: Vancouver, \$50; Edmonton,
Calgary, \$40; Saskatoon, \$34; Re-
gina, \$24; Winnipeg, \$20.

According to the Financial Post,
reductions on movement of autos,
butter, margarine and dressed poultry
confirm recent indications that
the railways are now determined
to put a crimp in long-haul truck
business and are prepared to go to
some competitive length to do it.

A rail freight official who would
not permit his name to be used said
this week that if the new rates
won't reduce truck competition, the
railways are prepared to bring
them down even lower," the Post
stated.

MEET COMPETITION

The article continues:
"Likely to be hardest hit are
transcontinental truck firms that
have mushroomed from nothing
into big - business concerns over
the past two years. The effect of the
railways' move is to offer rates
which it will be extremely difficult

Survey Shows Trend Towards Longer Annual Paid Vacations

The trend towards longer annual
paid vacations for workers in Cana-
dian manufacturing industries is
continuing, Hon. Milton F. Gregg,
Minister of Labor, said recently, in
announcing the most recent report
by the Economics and Research
Branch of the Department of Labor
on wages and working conditions in
manufacturing.

The report was based on a survey
conducted in October, 1951, and full
issue of the Labor Gazette. The re-
port indicated, the Minister said,
that an annual vacation of at least
one week has now become almost
universal practice in manufacturing
industries.

Most plant workers employed
in manufacturing became eligi-
ble for one week's paid vaca-
tion after their first year of
service and their vacations in-
creased in length as their ser-
vices increased, the survey in-
dicated. However, there ap-
peared to be a gradual trend
towards granting plant workers
two weeks vacation after a year
or less of service. The large
majority of office employees
were entitled to two weeks as a
first vacation, usually after they
completed a year's service.

By October, 1951, almost 90 per-
cent of the plant workers and more
than 98 percent of the office em-
ployees in Canadian manufacturing
were working in establishments
where they could become eligible
for an annual paid vacation of two
weeks, providing they had fulfilled
the necessary service requirements.
For plant employees, this minimum

for the truckers to meet and still
make a profit. Rail spokesmen
frankly admit they are gunning for
the long-haul trucks, whose op-
erators they say are "selective car-
riers" and have skimmed off the
most profitable commodities, leav-
ing the lower rated ones for the
railways.

"Against this, the truckers claim
that freight rates have been held
down by the result of competition
they provide. However, say the
long-haul operators, this week's
rail rate drop has gone down be-
low an economic level and is aimed
at forcing them out of business."

"To support this argument truck-
ers point to two rail applications
now pending before the Board of
Transport Commissioners, for a to-
tal of 16 percent general increase
in freight rates to meet railway op-
erating costs."

"Although the actual freight
change has come from the railways,
main pressure for it has been from
automobile manufacturers who be-
lieve the cost of transport to West-
ern Canada (which is passed on to
the customer) has been too high.
Now, although last price of cars
won't be affected, manufacturers
hope the reduced "package" cost
will boost sales."

"In getting the reduced rail
classification for autos, manufac-
turers have used as a lever the
growing westward movement of
vehicles by truck. For example,
during the month of July this year,
between 30 percent and 35 percent
of all western shipments from Gen-
eral Motors' Oshawa plant moved
by truck. Of the remainder, 50 per-
cent went by rail and the remain-
ing 15-20 percent were driven
away."

From the concessions granted
other industries, it would seem the
only answer to the Okanagan ship-
pers' problem, would be to encour-
age truck competition. Then the
railways may reduce tariffs in or-
der to keep the heavy volume of
business.

employment period was more com-
monly five years, although an in-
creasingly high proportion were
working in establishments which
granted a two-week paid vacation
after shorter periods of service.

THREE-WEEK VACATIONS

Nearly half the plant workers
were in establishments providing a
three-week vacation, but usually va-
cations of this length were avail-
able only to workers who had been
employed for fifteen years, or in
many cases for twenty or twenty-
five years. Of the office workers,
about 55 percent of those covered
in the survey could become eligi-
ble for a three-week vacation after they
had been employed for similar
periods.

Mr. Gregg said that, in the great
majority of cases, vacation policy
was expressed in terms of "how
much time is allowed off with pay."
However, it was common for em-
ployers to indicate their policies as
a percentage of annual earnings,
particularly in industries which
were seasonal or where labor turn-
over was high. Where this was
done, two percent of annual earn-
ings was taken as the equivalent
of one week with pay.

About 48 percent of the estab-
lishments surveyed, employing
about 56 percent of the workers,
reported that they closed down to
enable all employees to take their
vacations at one time. In most
cases this meant a two-week shut-
down during the summer months.

Man Ends Lifelong CONSTIPATION

STOCK REDEMPTIONS, RIGHTS, Etc., Dividends cease on date shown.
Neon Products of Western Can. - 6% Preferred @ \$51.50 plus \$1.50 Dividend on 1st November.

Car Count Indicates Need For East Side Road Or Bridge Over Okanagan

KELOWNA - Only solution to prevent future traffic bottlenecks at Kelowna and Westbank, is the construction of a bridge across Lake Okanagan or the completion of the Naramata road on the east side of the lake.

This was the inference drawn following a close check of the number of cars carried by the ferries over the Labor Day week-end. According to L. E. Willis, district engineer, even if four or five ferries had been operating that Monday, cars would still be left at the loading ramps as it is only possible to make so many trips from the present wharf facilities.

Replying to criticism that the third ferry was not placed into operation until 11:00 a.m., Mr. Willis said two vessels departed from schedule runs and started a shuttle service when traffic started to jam up around 9:00 o'clock. These two boats made eight trips during the two-hour period, and after the third boat was placed on the run at 11:00 a.m., total of nine trips were made in two hours. In other words, one extra trip was made, and this would have resulted in about 35 more cars being transported across the lake.

When the two boats were operating (from 9:02 to 11:02 a.m.) total of 225 vehicles were handled - an average of 130 an hour.

However, in the one hour and ten minute period between 9:52 a.m. and 11:02 a.m., prior to the third boat coming into operation, the two ferries shuttling made five trips from Kelowna carrying 162 vehicles which was an average of 140 vehicles per hour. This was the period of the most critical traffic and the volume carried was practically equal to three-ferry capacity.

With three ferries in operation between 11:12 and 1:25 an elapsed time of 2:13 hours, the three ferries carried a total of 326 vehicles, an average of 146 vehicles per hour. During peak periods, the vessels are capable of carrying 120 cars per hour from one side of the lake, Mr. Willis stated.

An effort was made to speed up traffic by using the old wharf for unloading purposes. This dock is in bad state of repair, and even if it was possible to load cars from this wharf, it would have created a considerable amount of confusion among motorists who were lined up on Mill Avenue, Mr. Willis pointed out.

Labor Day traffic equalled that of last year, a total of 2,361 cars being transported across the lake on the holiday. Mr. Willis admitted that traffic during the summer season is steadily increasing about 2,000 more cars per month being transported between Westbank and Kelowna.

Commenting on criticism that public works department should anticipate heavy holiday traffic, Mr. Willis said it is not easy to pick up extra crews (including captains and pursers) for a traffic jam which may last for only a few hours during one day.

B-H PAINTS
HAVE TWO-WAY
BEAUTY
ACTION

B-H "ENGLISH"
brings color and
protection to exteriors

Famous B-H "English" Paint works two ways to bring new beauty to your home. First, the lovely, lasting colors add new and exciting charm. Second, the protective quality of B-H "English" actually preserves the surface - maintains the good appearance of outside walls, doors, shutters, trim.

Choose from the wide range of colors in B-H "English" Paint.

Remember: B-H Paints, Varnishes and Enamels cover more area... last longer... save you money! Write for free booklet, "Color is the Key to Brighter Living." Address Box M, Station E, Montreal.

Winston Churchill**

BATTLE OF BRITAIN RECALLED—With their exploits immortalized in the superb prose of Winston Churchill, and with the free world forever in their debt, the "famous few," who held back the tide of Nazi aggression in the summer of 1940, will again be saluted this weekend (21 September) when Battle of Britain Sunday is commemorated. Church parades and memorial services at RCAF units across the country will once more recall the significance of those eventful days when the destiny of Britain lay in the balance, and the skill and courage of a few fighter pilots snatched victory from the skies. The composite picture above recalls that period of courage and high endeavour. (Top left) A squadron of Spitfires en route to intercept the enemy. (Top right) Members of No. 1 Canadian Fighter Squadron, with their commanding officer in the centre, Group Captain Ernest McVey, OBE, DFC. (Bottom left) London's Tower Bridge, symbolizing the strength and dignity of the city it graces. (Bottom right) The beautiful window of the Battle of Britain Memorial Chapel in Westminster Abbey. In this section of the window, a pilot is depicted kneeling before the Incarnation, with the Child Christ raising his little hand in blessing.

**Local Air Cadets
To Mark Battle Of
Britain Sunday Here**

Air cadets from Penticton, Oliver and Keremeos will hold a joint church parade here Sunday to commemorate the turning point in the Battle of Britain twelve years ago this month.

Battle of Britain Sunday is marked in Canada on the first Sunday after September 15, the day in 1940 when Germany's aircraft losses over England reached such alarming proportions that the Luftwaffe's tactics had to be changed.

Here in Penticton, the Rev. A.R. Eagles will conduct services at the Cenotaph on Sunday at 4 p.m. Following the services three films, depicting air warfare, will be shown in the armories, starting at 6:30 p.m. The films are "This is the Blitz," "Malta War History" and "Memphis Belle-Flying Fortress." The public are invited to attend the film showings.

RCAF and RCAF Reserve per-

sonnel will take part in services throughout Canada to honor the "few" of whom Winston Churchill said "never in the field of human conflict was so much owed by so many to so few."

Twelve years ago this month the eyes of the world were focused on this chosen few who were battling fiercely high above the alerted countryside of Great Britain to stem the advance of Nazism which threatened to over-run that country and the world.

Frosty muddy airfields and cold "ready rooms" tired pilots roared off to meet, overwhelming swarms of Hitler's Luftwaffe which were trying

to crack the defences of Great Britain in preparation for an invasion of the island.

The heroic defence carried out during those dark days of September 1940 and the resultant effect on the enemy, will remain one of the outstanding turning points in the history of human conflict.

It was not a battle easily won, either by the fighter pilots of England or those of Canada and other countries of the commonwealth.

The Battle of Britain marked the RCAF's baptism under fire, as in August, 1940, a squadron of the RCAF for the first time took to the skies against the enemy, won its first victories and suffered its first casualties. Forty-seven Canadian officers and men gave their lives in that battle.

Canadians can shop with confidence because high standards of purity and cleanliness are required in the production and packaging of our foods and drugs. These standards are planned and enforced to ensure our safety. Government inspectors and laboratory technicians keep an unflinching watch upon the products of plants, factories and importers.

Workmen of the city engineer's department laid 100 yards of three quarter minus and 1,500 of MC2 on Huth avenue last week at a cost of approximately \$600.
